INTRODUCING
MELBOURNE
Graduate study is an investment in your future. Choose Melbourne, and join the best and brightest students from diverse backgrounds across Australia and overseas to pursue your passion and develop your career.

As a University of Melbourne graduate student, you’ll study alongside talented peers in an environment focused on research impact and relevance.

You’ll be part of a university that is committed to changing lives around the world by contributing to the policy, debate and skills required for a better global society.

INVEST IN YOUR FUTURE

Employers look for people with a proven commitment to their chosen field, and who have that ‘extra’ level of insight.

As a graduate of the University of Melbourne, you’ll be seen as a work-ready, self-directed learner with breadth and depth in your chosen discipline.

Whether you’re choosing your first career, changing direction or gaining that competitive edge, our world-class research and coursework graduate programs offer a professionally relevant education.

Our graduates develop strong connections with community and industry that open the door to an outstanding future.
Who says you can’t change the world? We expect nothing less.

Our reputation as Australia’s leading comprehensive research-intensive university enables us to attract and cultivate the most promising researchers from around the world.

We collaborate with industry, other institutions and research organisations, the community, government and not-for-profit organisations to achieve research outcomes with global impact. We remain at the forefront of innovation in Australia.

Melbourne is a place where world-class researchers choose to work, and as a graduate research student you’ll be supervised by leading experts in your field.

**OUR RESEARCH DEGREES**

Our graduate schools offer research programs in most major disciplines.

**DOCTOR OF PHILOSOPHY**

Graduating with a Doctor of Philosophy (PhD) marks your admission to the community of scholars in your discipline and requires the completion of a thesis of 80,000–100,000 words on a specialised topic.

**MASTER OF PHILOSOPHY**

The Master of Philosophy (MPhil) is an internationally recognised masters degree by research and requires the completion of a thesis of 30,000–40,000 words.

**MASTERS BY RESEARCH**

Masters by Research degrees differ from the MPhil in that they may have a coursework component, along with a shorter thesis of about 30,000 words.

**OUTSTANDING SUPPORT**

Research training is a core activity of the University. Our comprehensive support will help you become a more effective researcher. We offer access to dedicated research centres, advanced research facilities, generous scholarships, unique professional development and established student support networks.

**SCHOLARSHIPS AND FEES**

**DOMESTIC STUDENTS**

Most domestic graduate research students are funded by the Australian Government Research Training Program (RTP) Fee Offset Scholarship, meaning you are exempt from paying tuition fees. See page 116.

Additional scholarships and awards are available to domestic graduate researchers, and can provide annual living allowances, relocation grants and paid parental and sick leave. See page 14.

**INTERNATIONAL STUDENTS**

More than 400 scholarships are available to international graduate researchers. Many cover tuition fees, as well as a living allowance and paid parental and sick leave. See page 14.

**DEVELOP YOUR RESEARCH SKILLS**

We offer award-winning professional development programs to graduate researchers, including workshops and online support, and specialist offerings such as the three-minute thesis competition.

**FIND OUT MORE**

study.unimelb.edu.au/study-with-us/our-degrees/graduate-research
Melbourne has become one of the world’s most multicultural cities and a dynamic international business hub, but it’s still easy to navigate.

The inner city is a cluster of exciting communities connected by public transport and bike paths – and the University of Melbourne is at the heart of it all. You can spend time in the famous cobblestone lanes, or at world-class theatre productions – and if you don’t yet have an Australian Football League (AFL) team, you might want to choose one!

Regional Victoria is world famous for its iconic beaches, wineries, bushwalking and farm-to-table food and is just a short train or bus ride away.
The University of Melbourne has been a central part of the city of Melbourne from its earliest days.

It’s hard to say where the central business district stops, and the University begins! When you join Melbourne, you’ll also be joining a vibrant medical precinct, a world-famous artistic community, a thriving start-up network, and urban and rural researchers who’ll be feeding the world into the future.

Which Melbourne will be yours?

PARKVILLE
Our Parkville campus is a city within a city – it even has its own postcode. With cafes, 12 libraries, gyms, specialty stores, a small supermarket – even a seasonal farmers’ market – spread across a mix of historic sandstone buildings and state-of-the-art facilities, you’ll never have to leave. The Parkville campus is situated within a renowned knowledge precinct, which includes eight hospitals, many leading research institutes and a wide range of knowledge-based industries.

SOUTHBANK
At our Southbank campus, among the city’s lively creative arts precinct, you’ll find the University’s acclaimed Faculty of Fine Arts and Music. Southbank campus is purpose-built for the creative arts, and features sound and dance stages, animation studios, cinemas and visual arts studios. It sits alongside the National Gallery of Victoria, Melbourne Theatre Company, Melbourne Recital Centre, the Australian Ballet, Chunky Move dance company, the Arts Centre and the Australian Centre for Contemporary Art.

SPECIALIST CAMPUSES IN MELBOURNE AND REGIONAL VICTORIA
The University is a key partner in Australia’s industries. At our specialist campuses across Victoria, we collaborate with others to solve rural health issues and the big ecological challenges facing us today.

In the city’s west, the Werribee campus boasts some of the world’s most advanced veterinary facilities at the University’s Animal Hospital.

Our Burnley campus is dedicated to environmental and ornamental horticulture, with nine hectares of heritage-listed gardens.

In Creswick you’ll find Australia’s only dedicated forest ecosystem science campus, focusing on conservation, forest industry and molecular biology research.

The Dookie campus has played a pivotal role in the development of agriculture and agricultural teaching and learning in Australia since 1886. It remains a focal point for key research, teaching and technology development, helping to shape the future of agriculture in Australia.

The Shepparton Medical Centre campus specialises in rural health and clinical education.
PATHWAYS INTO GRADUATE STUDY

Please check entry requirements for individual courses listed on study.unimelb.edu.au/find.
Our access and equity program for domestic graduate students rewards success and provides opportunities.

Entry to graduate study at Melbourne is competitive. Give yourself the best chance by applying for Graduate Access Melbourne.

If you’re a domestic student and your personal circumstances have had a sustained, adverse effect on your academic achievement, or you’re a member of a specified group that is underrepresented in higher education, you may be eligible.

INCREASE YOUR CHANCES OF BEING ACCEPTED
When you apply for Graduate Access Melbourne, we’ll consider the circumstances that have affected your academic achievement during your undergraduate study when we assess your application.

INCREASE YOUR CHANCES OF SECURING A CSP
When you apply for Graduate Access Melbourne, you enhance your chances of obtaining a Commonwealth Supported Place (CSP), which will greatly reduce the cost of your graduate study.

BE CONSIDERED FOR A SCHOLARSHIP
All eligible Graduate Access Melbourne applicants are automatically considered for a Graduate Access Melbourne Bursary or the Maisie Fawcett Scholarship to help with the costs of graduate study.

AM I ELIGIBLE?
Domestic students can apply using one or more of the following Graduate Access Melbourne categories:

- Personal difficulties
- Disability or chronic medical condition
- Disadvantaged socioeconomic circumstances
- Rural or isolated background
- Recognition as an Indigenous Australian
- Previous status as a refugee or current holder of a humanitarian visa
- Women in engineering.

For more information about eligibility and details about which courses accept Graduate Access Melbourne applications, go to:
gradaccess.unimelb.edu.au
Our scholarships reward your talent and commitment. Below is a selection of scholarships you may be eligible for. Explore all of our scholarships at:

scholarships.unimelb.edu.au

COURSEWORK SCHOLARSHIPS
The University offers various scholarships to students who have applied for a coursework degree, including:

- Future Generations Scholarship for high-achieving students
- Melbourne Graduate Access Scholarship and Maisie Fawcett Scholarship, for students who have applied under Graduate Access Melbourne (see page 13)
- Irene and Arthur Kinsman Awards for Postgraduate Studies and Eleanor and Joseph Wertheim Scholarship, for students who are experiencing difficult circumstances.

High-achieving international students will be automatically considered for:

- International Postgraduate Coursework Award

AUSTRALIA AWARDS SCHOLARSHIPS
If you are an international student from a developing country and wish to undertake study or research in Australia, you may be eligible for the Australia Awards scholarship program, administered by the Australian Government.

australiaawards.gov.au

ENDEAVOUR SCHOLARSHIPS AND FELLOWSHIPS
The Endeavour Scholarships and Fellowships are the Australian Government’s competitive, merit-based scholarships and fellowships providing opportunities for Australians to undertake study, research or professional development overseas and for overseas citizens to do the same in Australia.

endeavour.education.gov.au

RESEARCH SCHOLARSHIPS
The University offers more than 600 scholarships each year to attract talented research students nationally and internationally. Most scholarships provide a living allowance and/or a fee exemption. Scholarships include:

- Melbourne Research Scholarship
- Australian Government Research Training Program Scholarship
- Fay Marles Scholarship
- Frederick Blake Shepherd Scholarship
- Human Rights Scholarship
- Elizabeth and Vernon Puzeys Scholarship
- Helen MacPherson Smith Scholarship, and other excellence scholarships.

TRAVELLING SCHOLARSHIPS
Coursework students who intend to undertake overseas study (exchange or study abroad) can be considered for various Melbourne mobility awards, including the Melbourne Global Scholars Award.

The University also offers scholarships for students undertaking coursework and research at an overseas institution, such as the Rae and Edith Bennett Travelling Scholarship.

GRADUATE SCHOOL SCHOLARSHIPS
Check our scholarships site to see what’s available in your graduate school.

RESIDENTIAL COLLEGE SCHOLARSHIPS, BURSARIES AND PART-TIME EMPLOYMENT OPPORTUNITIES
The residential colleges (page 16) offer significant financial support through the provision of scholarships, bursaries and opportunities for part time employment.

In 2020 over $7.5 million in scholarships will be awarded, with more than one-third of residents receiving financial aid. Over $1.8 million is paid in part-time employment to students each year.

colleges.unimelb.edu.au/fees-and-scholarships
Live in the heart of Australia’s most liveable city, connected to Australia’s number 1 university.

We have been expanding our range of graduate accommodation options, making it easier than ever to find your place at Melbourne. Select from self-contained studios, dormitory-style living, residential colleges, shared apartments, homestay and private rental options.

**MELBOURNE CONNECT, UNIVERSITY APARTMENTS, LITTLE HALL AND UNILODGE LINCOLN HOUSE**

Set to open in 2021, our newest graduate accommodation will offer you an affordable and sustainable home, located in the heart of Melbourne Connect. Melbourne Connect will be a purpose-built collaboration precinct, designed to bring together high-calibre industry, researchers, entrepreneurs and thinkers to find innovative solutions for our future challenges.

Living in this precinct will put you within walking distance of Science Gallery Melbourne – inspiring and transforming curious minds through the collision of arts and science; FabLab – allowing you to prototype an idea or new innovation onsite; as well as wellbeing, child care, laneway retail and work spaces to make possible the kind of thinking, lifestyle and research needed to solve global problems.

Melbourne Connect is targeting 6 star Green Star Design and As Built (World Excellence) Rating, and will be designed to achieve a 5 star NABERS Energy Rating. It will include initiatives such as electric vehicle charging and rooftop solar panels.

Close to Melbourne Connect is University Apartments – another graduate accommodation option offering fully self-contained studio apartments. This residence is situated close to campus on the edge of the city, and has options for both singles and couples. At this location, you will be well placed to make the most of the University’s libraries, study centres and gym facilities, just metres from your front door.

In addition to our dedicated graduate residences, you may be interested in Little Hall – a learning hub with dedicated academic programs set to open in 2021; and UniLodge Lincoln House – modern dormitory-style living with impeccably designed shared facilities overlooking the city.

**RESIDENTIAL COLLEGES**

For over 140 years our colleges have been a home away from home for students, supporting them to succeed and make the transition to independence.

Live on campus while enjoying your own private furnished room, common spaces and three meals a day provided in the beating heart of every college – the Dining Hall. Make lifelong friends while experiencing a broad range of cultural and sporting activities, leadership opportunities and intellectual pursuits. With dedicated residential tutors and professional staff living on site, college will support you with weekly academic tutorials, career mentors and pastoral care so that you can excel in and beyond your studies. In 2020, over $7.5 million in college scholarships will be awarded, with more than one-third of students receiving financial aid.

**OTHER OPTIONS**

The University’s Student Housing service provides detailed information and support to assist students with finding alternate housing options, such as homestay, hostels or private rentals.

Student Housing can provide advice on your rights and responsibilities as a tenant, refer you to financial support if needed and provide transportation information and tips on getting study ready.

One of your options is Student Village Melbourne. Here you can enjoy your own furnished bedroom with ample workspace and access to village facilities designed specifically for students.

**FIND OUT MORE**

Melbourne offers many lifestyle options to fit different budgets, so take the time to consider what suits you best.

## Calculating Your Cost of Study

Your total cost may include:

- Course fees
- Flights
- Cost of living
- Visa application fees
- Overseas Student Health Cover (OSHC).

## 2020 Graduate Residential Fees and Inclusions

The information in the table below outlines the estimated living costs for a student at the Parkville campus of the University of Melbourne, according to the type of accommodation chosen. Costs vary, within the range provided, depending on the individual residency. Tuition fees are not included in estimates.

1. The fees listed in the table are subject to change and indicative only. Go to study.unimelb.edu.au/your-experience/accommodation for updates on current fees and other costs involved.
2. Melbourne Connect is scheduled to open in 2021 and will offer live-in opportunities for graduate students.
4. Partially meets criteria.
5. Total estimated annual living cost including rent, utilities, internet and public transport (excludes food, course fees and incidentals). On average, students should budget at least $80–$150 per week ($480–$780 per year) for food and groceries if they do not have meals provided. See: services.unimelb.edu.au/financial/planning/cost_of_living/summary.
6. This fee is for first-year undergraduate students and includes access to all the facilities of the college and participation in the weekly academic (tutorials), cultural, intellectual, social and sporting programs of the college. All meals are provided. Up to 40% of students receive a scholarship or bursary, which can reduce the average weekly rent by between $100 and $500. For more details, see: colleges.unimelb.edu.au/fees-and-scholarships.
7. Total estimated annual living cost including rent, utilities, internet, public transport and a varied number of meals (excludes course fees and incidentals).
Little Hall opening in 2021
YOUR STUDENT EXPERIENCE

At Melbourne, you will learn from experts at the forefront of their fields and industry leaders recognised globally for their outstanding achievements.

You’ll have the opportunity to collaborate on joint projects with international partners and build professional networks with others in your field from all over the world.

Your access to applied, hands-on experience through internships, field trips and exposure to industry experts will enhance, challenge and deepen your way of thinking.

UNPRECEDEDENT CHOICE

Our 19 graduate schools offer more than 400 courses, providing boundless scope for you to pursue your passion and develop your career.

INTERNATIONAL OPPORTUNITIES

At Melbourne, you can enrich your graduate studies with an international experience.

You could study overseas for a semester, sometimes two, with one of our exchange partners in more than 40 countries around the world. You may also be able to study with non-partner institutions, as well as complete single subjects, placements or internships overseas.

The University offers scholarships and grants that help make study overseas affordable. Support is also provided to students applying for external funding opportunities.

MAKING A DIFFERENCE: INTERNSHIPS AND VOLUNTEERING

Our students take their learning beyond the lecture theatre and make a difference in communities across the globe. Complete an internship as part of your studies – experience your future industry first-hand, and make great contacts right away. If you’re passionate about a cause, take your skills into the community and volunteer – we even offer awards and grants to help finance your volunteer work.

STUDENT SUPPORT

We know you have very specific needs, and support is available to assist you throughout your studies at Melbourne. Stop 1 is the first port of call to help with enrolment, fees, transcripts or student identification cards, as well as personalised advice on course and career planning.

students.unimelb.edu.au/stop1

We also offer academic skills workshops, advocacy services, career planning and advice, chaplaincy, children’s services, counselling, disability support, financial aid, and health and housing services.

services.unimelb.edu.au

Student support team on +61 3 8344 0149 (Monday to Friday 8am to 9pm, weekends 10am to 5pm).

INTERNATIONAL STUDENT SUPPORT

Moving to another country to study can be a daunting experience. The University offers a range of services and programs that cater specifically to international students and their families, including online and in-country pre-departure briefings, orientation events, language and academic skills support, language and professional development support for your partner, and visa and migration advice.

students.unimelb.edu.au/stop1

CAREER SUPPORT

You will have access to careers and employment programs aimed at building your skills and experience for the future. These include interactive workshops, job application support, networking events, web-based career services and databases, mentoring programs and opportunities to connect with industry.

careers.unimelb.edu.au

JOIN OUR NETWORK OF GRADUATES

There are more than 360 000 Melbourne alumni worldwide, including 43 000 living and working outside Australia across 160 countries. As a graduate, you can expand your professional networks through exclusive alumni activities such as reunions, networking events, webinars and mentoring opportunities.
COURSE BY
STUDY AREA
ARCHITECTURE, BUILDING, PLANNING AND DESIGN

Situated in the heart of one of the world’s most liveable cities, the University of Melbourne is a living laboratory for built environment and design students, setting an example of best practice for Australia and the rest of the world.

MAKING AN IMPACT IN THE BUILT ENVIRONMENT
For 150 years, the University of Melbourne has led innovative Australian teaching and research in design and the built environment. Consistently ranked in the top 25 internationally, the Faculty of Architecture, Building and Planning’s graduate school, the Melbourne School of Design (MSD), is student-oriented, technology-driven and aligned closely with industry, government and our partner institutions. Grounded in practical teaching, our courses are accredited locally and internationally, and built on world-class expertise, producing graduates who design solutions for an uncertain future.

A DYNAMIC STUDIO CULTURE
As an MSD student, you’ll be exposed to our progressive design inquiry throughout your degree. Whether you’re studying Architecture or Property, you’ll embed design thinking into every aspect of your course.

Our design studios are overseen by Donald Bates, a primary architect of Melbourne’s iconic Federation Square. Our studio classes are taught by MSD academics, who are similarly linked to industry, alongside professionals from an array of Australian and international organisations.

You will access the latest design technology housed within the school’s fabrication workshop and maker spaces. You’ll be able to experiment with machinery, materials, 3D printing and virtual and augmented design technology. We offer a unique bureau service, with experts available to assist you every step of the way in using this technology and machinery.

Your studies will also be complemented by a regular program of exhibitions, public lectures, research seminars and conferences, all accommodated within the 6 Green Star-rated Glyn Davis Building.

RESEARCH SHAPING THE REAL WORLD
MSD undertakes creative, foundational and applied research projects into the past, present and future of our built and natural environments. Our research critically informs the teaching of future generations of practitioners, researchers and designers.

Built environment research hubs and centres embedded within the University include the Australian Urban Research Infrastructure Network (AURIN), Transforming Housing, the Transport, Health and Urban Design Hub, the Melbourne Sustainable Society Institute, and the Australian Centre for Architectural History, Urban and Cultural Heritage.

The University is ranked number 1 in Australia for Architecture/Built Environment in the QS World University Rankings by the Subject 2020, which measures performance across academic and employer reputation, research citations and h-index (the productivity and impact of individual and groups of scholars).

CAREER OUTCOMES
Ranked number 7 in the world for graduate employability, the University of Melbourne is respected by employers in Australia, and around the world. Our graduates are recognised as being highly capable, adaptable professionals who are knowledgeable across a range of disciplines. They are known for having a solid academic foundation coupled with strong practical skills, making them job-ready for the dynamic world of the built environment.

QS World University Rankings by Subject 2016–2020.
For more details on accreditation, check the course entries on the following pages.
QS Graduate Employability Rankings 2020.
Australian students are uniquely placed to describe the conditions of our local contexts and we have a responsibility to develop suitable responses to these conditions. Australia is a continent of climatic extremes, with a complex history and a rapidly growing, multicultural population.

Important work is being done to engage with these issues in the built environment, and I think that there is a current atmosphere of openness and experimentation. University of Melbourne students have so many opportunities to tap into this and to think creatively, with access to a broad range of subjects and innovative fabrication technologies.”

Victoria King (Australia)  
Master of Architecture graduate  
Winner of the 2019 Royal Institute of British Architects President’s Silver Medal
**ENTRY REQUIREMENTS**

- Undergraduate degree with a WAM of 65%+
- Suitable for those who wish to enhance their 3 year degree:

  - Students with an engineering undergraduate degree:
    - Masters or honours degree including a substantial research component equivalent to 25%+ of 1 year of full-time study.

---

**ENTRY REQUIREMENTS LISTED**

Entry requirements listed are a guide only and may be subject to change for 2021 entry. You must also meet English language requirements – see page 124. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

### ENTRY REQUIREMENTS

- **3 year degree:**
  - Undergraduate degree with a WAM of 65%+
  - 1 design studio subject and 1 art/architecture/built environment/design history subject at an undergraduate level
  - Personal statement and design portfolio

- **2 year degree:**
  - Undergraduate degree with a major in architecture or architectural studies and a WAM of 65%+
  - Personal statement and design portfolio

**Students with an engineering undergraduate degree:**

- Undergraduate degree in engineering with a WAM of 65%+
- Personal statement
- Faculty Advanced Standing form

**Students with an architecture undergraduate degree:**

- Undergraduate degree in architecture with a WAM of 65%+
- Math attainment equivalent to Calculus 2 and Linear Algebra, plus 2 science subjects
- Personal statement and design portfolio

**3 year degree:**

- Undergraduate degree with a WAM of 65%+
  - Personal statement

**2.5 year degree:**

- Undergraduate degree in a related discipline (e.g., architecture, civil engineering or building) with a WAM of 65%+
  - Personal statement
  - Faculty Advanced Standing form

**2 year degree:**

- Undergraduate degree in construction with a WAM of 65%+
  - Personal statement
  - Faculty Advanced Standing form

**3 year degree:**

- Undergraduate degree with a WAM of 65%+
  - Personal statement

**A design portfolio if undergraduate degree is in a design discipline

**2 year degree:**

- Undergraduate degree in landscape architecture with a WAM of 65%+
  - Personal statement and design portfolio

**3 year degree:**

- Undergraduate degree with a WAM of 65%+
  - Personal statement

**2.5 year degree:**

- Undergraduate degree in a related discipline (e.g., business or construction) with a WAM of 65%+
  - Personal statement

**2 year degree:**

- Undergraduate degree in property with a WAM of 65%+
  - Personal statement

**Masters by Coursework or honours degree in a related discipline (e.g., architecture, history, landscape architecture, political studies, cultural studies, urban planning or interior design) with a WAM of 65%+, or

- Undergraduate degree in a related discipline with a WAM of 65%+ and 2+ years’ documented, relevant professional experience

**Part time study available only after the first year.

- Domestic students can undertake this course part time over 1 year.

- Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
ARTS, HUMANITIES AND SOCIAL SCIENCES

The University of Melbourne is a place where scholarship and innovation meet. We teach you how to think, not what to think, enabling you to develop advanced knowledge and professional skills to support a rewarding and meaningful career.

TRANSFORMATIVE THINKING WITH PRACTICAL APPLICATION
As a graduate student in the humanities and social sciences, you’ll reap the benefits of innovative teaching and award-winning research in an environment that fosters social, political and cultural understanding, promotes critical and creative thinking, and prioritises the ability to apply skills and knowledge to solve challenging issues.

INSPIRING, WORLD-LEADING ACADEMICS
Our academics are internationally renowned researchers, leading practitioners and committed teachers that encourage intellectual excellence and critical enquiry. You’ll be taught by experts who will keep you connected to the latest developments in the field.

You’ll also benefit from our strong links with industry, government and non-government organisations, which provide a wide range of opportunities for internships and research projects throughout your degree.

PROGRAMS THAT OPEN DOORS
We offer coursework and research-based programs in cultural management, social sciences, and media, communications and publishing, as well as our Executive Master of Arts.

Our coursework degrees have been extensively developed in consultation with the corporate, cultural, government and not-for-profit sectors, combining practical and theoretical learning to ensure you’re prepared for excellence in your career.

A CREATIVE SPACE FOR NEW IDEAS
The distinguished Old Arts building provides learning spaces and facilities exclusively for graduate students. The collaborative work and social spaces are great places for networking and exchanging ideas with fellow students, employers and community leaders, facilitating a strong cohort-building experience.

You’ll have access to world-class facilities including dedicated lecture, seminar, study and meeting rooms, a student lounge and wireless connectivity throughout.

CAREER OUTCOMES
We aim to develop ethical leaders with the knowledge, skills and passion to make a positive contribution to the world. Our graduates become global thinkers, scholars and leaders, who go on to find success in a range of careers – from the private and government sectors to the social economy, media, communications and cultural fields. Our alumni network will connect you with the University and your peers well into your career.

#1 IN AUSTRALIA,
#17 IN THE WORLD FOR SOCIAL SCIENCES AND MANAGEMENT
– QS World University Rankings by Subject 2020
MAKING PUBLIC POLICY ACCESSIBLE TO YOUTH

After two years working in the Victorian Government’s Department of Premier and Cabinet, Rose-Anna Selhorst applied for the Master of Public Policy and Management to gain a deeper understanding of how the public sector works.

Rose-Anna describes the opportunities she’s had since – such as completing a semester abroad at the University of Helsinki – as life-changing. The skills she has learned at Melbourne allowed her to make the most of her experience when she was selected by Global Voices as an Australian delegate to the Y20 Summit in Tokyo in 2019.

“Throughout the degree I have not only developed my policy skills, but my self-awareness and confidence. These skills were invaluable as I engaged in negotiations with other G20 youth representatives to agree on a communiqué that was presented to world leaders,” she says.

Rose-Anna has found a genuine passion for engaging young people in public policy, and her new podcast ‘What the Policy?’ helps make it accessible – without the politics and confusing language.

From 2020, Rose-Anna is joining KPMG where she will be embarking on a new career in consulting to government.

1. Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.
2. Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 116.
3. Entry requirements listed are a guide only and may be subject to change for 2021 entry. Students must also meet English language requirements – see page 124. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.
4. This course is currently under review by Academic Board and subject to change. Please refer to study.unimelb.edu.au/find for the latest course information.
5. On campus and online (except Modern Languages stream, subject to 2021 changes). Online delivery is not available to international students studying in Australia.

| | • Pathway to Masters by Coursework programs in the humanities and social sciences |

| Concurrent enrolment in an approved University of Melbourne graduate coursework or research higher degree | • Suitable for those wishing to develop advanced knowledge and skills through sustained, independent research in a chosen area |
| | • Pathway to the Doctor of Philosophy (Arts) |

| Masters degree in a relevant discipline with a WAM of 70%+: | • Suitable for those wishing to develop advanced knowledge and skills through sustained, independent research in a chosen area |
| | • Pathway to the Doctor of Philosophy (Arts) |

| Masters degree in a relevant discipline with a WAM of 70%+: | • Suitable for those wishing to develop advanced knowledge and skills through sustained, independent research and coursework in a chosen area |
| | • Pathway to the Doctor of Philosophy (Arts) |

| Masters degree in a relevant discipline with a WAM of 70%+: | • Suitable for those wishing to obtain an internationally recognised research degree, under academic supervision, with a unique coursework component |
| | • Provides a research pathway to a career in academia |

---

1. No July entry for Anthropology, Criminology, History, and Politics and International Studies specialisations.
2. This course is not subject to a student visa. Delivered by University of Melbourne Professional Development. See: unimelb.edu.au/professional-development.
3. Depending on the program you are concurrently enrolled in, a Diploma in Languages will generally add an extra year of full-time study to your degree.
4. While it is possible to commence the diploma at various points within your graduate degree, we recommend you commence your chosen language in the first semester of your course.
5. Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
The University of Melbourne’s graduate school in business and economics, Melbourne Business School, is a leading provider of education in the Asia-Pacific. Our programs are designed to inspire and equip you to make a difference on a global scale.

MAKING AN IMPACT IN THE BUSINESS ENVIRONMENT
Melbourne Business School (MBS) provides industry and government-focused programs to meet the needs of global business professionals at critical stages of their careers. Whether you’re a new graduate, early career professional or taking the next step in your career, we’ll equip you with the knowledge, research insights and personal effectiveness skills to make an impact in the business, government, public and not-for-profit sectors.

We seek to unite industry, government, policy makers and future leaders through actionable ideas that provide lasting solutions. Our academic staff is active in research and public policy, and well connected to business.

PROGRAMS ACROSS EVERY BUSINESS DISCIPLINE
MBS offers graduate programs in accounting, actuarial science, applied econometrics, business, business analytics, human resources, economics, entrepreneurship, finance, international business, management, marketing and supply chain management, as well as a suite of world-class MBAs.

DYNAMIC STUDENT EXPERIENCE
Immerse yourself in real-life case studies, group work and opportunities for syndicate learning and industry integration, ensuring your student experience is practical, dynamic and challenging. You’ll benefit from our strong links with government, industry and non-government organisations and you can participate in local and global work-integrated learning, student exchange, mentoring and networking to enhance your experience and your employability. With opportunities for international exchange with schools such as the HEC Paris School of Management, Erasmus University Rotterdam, Kings College London and the Kellogg School of Management, your learning experience can be truly international.

JOIN A COHORT OF FUTURE LEADERS
While diverse in their backgrounds, our students are united by their motivation to succeed, the ability to provide meaningful contributions in the classroom and a desire to transform their lives and become leaders in their fields. Studying in cutting-edge teaching and learning environments with collaborative work and social spaces will enable you to network, exchange ideas and enjoy a strong cohort experience.

CAREER OUTCOMES
You’ll be supported by our career enrichment programs including mentoring, coaching, internship opportunities and projects with leading organisations.

Our alumni are employed as executives, financial analysts, management consultants and policy advisers in global business brands, government and academia throughout the world.

MBS is accredited internationally by the Association to Advance Collegiate Schools of Business (AACSB) International and the European Foundation for Management Development Quality Improvement System (EQUIS).

THE MBS CONNECTION

Master of Management (Accounting and Finance) student Aishwarya Kalyanshetti completed a masters degree at home in India, but at the end of her studies she didn’t feel she’d gotten all she needed. With her sights set on studying abroad, a chance encounter at a future study fair opened her eyes to Melbourne Business School.

One of the things that has defined the MBS experience for Aishwarya has been the connections she has formed with her teachers, and the faculty’s academics.

“Having a close connection with my professors is something that’s always been really important to me, and that’s definitely something I’ve gotten here. In particular, Matt Dyki and Valerie Cotronei-Baird have been super supportive, acting as mentors through my degree, especially since I’ve been working as a tutor as well.”

Aishwarya Kalyanshetti (India)
Master of Management (Accounting and Finance)

1. Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.
2. Commonwealth Supported Places (CSP) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 116.
3. Entry requirements listed are a guide only and may be subject to change for 2021 entry. Students must also meet English language requirements – see page 124. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.
4. The results of a Graduate Record Examinations (GRE) test or Graduate Management Admission Test (GMAT) completed within the last 5 years. Please refer to specific program requirements online as GMAT/GRE performance requirements differ across doctoral disciplines.
5. Weekend residential format (4 days per month) for 18 months, including a week-long overseas module in Asia.
6. 150-point program, intensive delivery.
7. This program is currently being reviewed by the Academic Board and will be subject to change. Please refer to study.unimelb.edu.au for the latest information.
8. High-achieving successful full-time applicants into any of the Doctoral and Masters by Research programs are awarded a full scholarship that includes a stipend and a full course-fee remission.
9. Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
### Entry Requirements

| 2 year degree: | Suitable for students holding an undergraduate degree in an area outside of business/commerce who would like to assume a managerial position in marketing and communications | Suitable for those who wish to pursue a career in marketing or for those who work closely with marketing professionals in a management role |
| 1.5 year degree: | | Also available: Graduate Diploma in Marketing (2 year part time only) |
| 1.5 year degree: | Suitable for those who wish to pursue a career in marketing or for those who work closely with marketing professionals in a management role | Suitable for early to mid-career professionals looking to add a business qualification to their skills portfolio and secure their next role |
| Undergraduate degree | Graduates of this degree will be capable of obtaining, analysing, synthesising and evaluating evidence in management decision making in an area of commerce specialisation | Graduates of this degree will be capable of obtaining, analysing, synthesising and evaluating evidence in management decision making in an area of commerce specialisation |
| Undergraduate degree | Suitable for those who wish to pursue a career in marketing or for those who work closely with marketing professionals in a management role | Suitable for those who wish to pursue a successful career in government, industry, NGOs or academia |

### Course Outcomes

| For accounting, economics, finance, or decision, risk and financial sciences: | Suitable for students holding an undergraduate degree in an area outside of business/commerce who would like to assume a managerial position in marketing and communications | Suitable for those who wish to pursue a career in marketing or for those who work closely with marketing professionals in a management role |
| For management or marketing: | Suitable for those who wish to pursue a successful career in government, industry, NGOs or academia | Suitable for those who wish to pursue a successful career in government, industry, NGOs or academia |
| 3-year Doctor of Philosophy (Actuarial Studies)/Master of Commerce by Research (Actuarial Studies): | Suitable for those who wish to pursue a successful career in government, industry, NGOs or academia | Suitable for those who wish to pursue a successful career in government, industry, NGOs or academia |

**ALL STUDENTS ACCEPTED INTO OUR MBS FULL-TIME DOCTORAL OR PHD PROGRAMS WILL RECEIVE SUBSTANTIAL FINANCIAL SUPPORT, INCLUDING A LIVING STIPEND AND A FULL TUITION WAIVER**
EDUCATION

SUPPORTING INNOVATION IN AUSTRALIA’S EDUCATION SYSTEM
At the forefront of innovation in education, we work with partners in early childhood settings, schools, tertiary institutions, governments and beyond, seeking new and improved ways to support Australia’s education system. Through effective collaborations, we deliver relevant, high-quality, high-impact education research that makes a difference.

DEGREES WITH A DIFFERENCE
We are the only university in Australia to offer a teaching degree that employs a genuine evidence-based teaching framework, helping you develop the professional skills to assess, diagnose and support the individual learning needs of all students, and work with learners of all abilities.

The innovative curriculum brings together theory and practice in a way that will give you powerful insights into children and young people, and how they learn. As a teacher candidate you will become an active member of a school or early childhood community from your first semester, with close support from the school and university mentors.

We also offer a wide range of courses for professionals working in education and related areas – policy formation, research, assessment and evaluation, psychology and wellbeing, learning intervention, languages and more. Whether you are looking to take the next step in your career or simply explore an area of interest, we have a course that will suit you.

You can start with a graduate certificate and work your way up to a full masters or PhD. Choose a generalist course to build your own study program or undertake a specialist course where you can pursue an area of interest in more depth.

CAREER OUTCOMES
Highly sought after by schools and early childhood services, our graduates feel well prepared for the dynamic and challenging work of being a teacher. 96 per cent of our graduates are employed within the first four months of graduating.

Many of our courses are accredited by the Victorian Institute of Teaching (VIT). Please check the relevant course entry on the following pages. If you’re interested in teaching overseas, please check registration requirements for your intended destination.

FIND OUT MORE
MELBOURNE GRADUATE SCHOOL OF EDUCATION
education.unimelb.edu.au

Home to some of the world’s most recognised education experts, the University of Melbourne is at the cutting edge of teaching and research. Our mission is to equip graduates to address the major educational challenges of our times.
LEARNING HOW TO TEACH

“The most valuable and most challenging aspect of the program so far has been having placement in a school so early in the degree, in the fourth week of classes. This was a highly daunting experience and conversations with my peers revealed that we were all feeling nervous and overwhelmed about the idea of teaching after just three weeks of classes.

“However, by having placement so early, it grounded the theory in practice. It made me more motivated to learn educational and pedagogical theories as I had seen how they could play out in the classroom.”

Lachlan McCracken (Australia)
Master of Teaching (Secondary)

## Entry Requirements
• 4-year education degree, or
• Undergraduate degree and 50+ credit points of graduate study in education

## Course Outcomes
• Suitable for practicing teachers who are passionate about education and interested in the International Baccalaureate (IB) philosophy
• For teachers in the early stages of their career who want to expand their career opportunities, or teachers who have taught for many years who are looking to up-skill and improve their teaching quality
• Also available: Graduate Certificate in International Education (International Baccalaureate) (6 months)

• Suitable for those wishing to improve their professional knowledge and understanding of the nature and causes of specific learning difficulties (such as dyslexia) in children, and explore how to implement teaching that optimises student learning

• Suitable for those who wish to confidently integrate evidence-based instructional strategies into their work and improve the learning outcomes of the people they work with

• Suitable for teaching professionals who wish to specialise in teaching languages other than English

• Pathway to the Master of Modern Languages Education

• Suitable for those who wish to develop skills to teach English as an additional language

• Pathway to the Master of TESOL

• Designed to enhance your skills and understanding of the relationship between language, concepts and cognition

• Suitable for academic leaders and senior administrative or professional managers in universities and vocational education and training institutions who wish to develop specialised skills and knowledge for leading and managing successfully in tertiary sector institutions

• Also available: Graduate Certificate in Tertiary Education (Management) (1 year part time only)
ENTRY REQUIREMENTS

- Undergraduate degree
- Honours degree in a related discipline with a WAM of 80%+ from an Australian university
- 4-year undergraduate degree in a relevant discipline, or
- Professional Certificate in Indigenous Research, or
- Current enrolment in a research higher degree at masters level or above
- 4-year undergraduate degree in a relevant discipline, or
- Masters degree in education or a related discipline with a WAM of 75%+
- Undergraduate degree and 50+ credit points of graduate study in education, or

Duration with advanced standing is 1 year full time, 2 years part time. Applicants who have an appropriate teaching background may be eligible for up to 100 credit points of advanced study. Please contact the Melbourne Graduate School of Education to check your eligibility.
### ENTRY REQUIREMENTS

- 4-year undergraduate degree in a relevant discipline, or
- 3-year undergraduate degree and 50+ credit points of graduate study in a relevant discipline, or
- 3-year undergraduate degree in a relevant discipline and 2+ years’ documented, relevant professional experience in tertiary education management
- Employed in tertiary education and have employer support to participate

- Some subjects offered partially in intensive Saturday workshops.
- This course is not subjected to a student visa. Please contact University of Melbourne Professional Development at unimelb.edu.au/professional-development for more information.
- Students who are eligible for Victorian Institute of Teaching registration but seek additional recognition as an accredited language teacher, must complete the Language Teaching specialisation.
- Students who are eligible for Victorian Institute of Teaching registration but seek additional recognition as an accredited English as an additional language teacher, must complete the English as an Additional Language Teaching specialisation. This includes four specialist core subjects, two research capstones, two electives and 22 days of placement at a school or similar setting.
- For applicants of Aboriginal or Torres Strait Islander decent, costs are subsidised and accommodation is provided.
- Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
ENGINEERING

The University of Melbourne is a global leader in engineering education, attracting students and staff of outstanding ability from around the world. Our curriculum is characterised by real-world, problem-based learning and industry experience.

CUTTING-EDGE TECHNOLOGY
As a Melbourne engineering student, you’ll be part of a community that contributes to cutting-edge interdisciplinary research through strong industry collaboration. Our research is addressing the world’s critical challenges, from water resource management and sustainable energy to targeted drug delivery for cancer treatment and digital technology to improve healthcare.

REAL-WORLD EXPERIENCE
Our industry-connected curriculum means you’ll have the opportunity to gain real-world experience during your degree. You could complete an industry project, take part in internships, undertake an innovation challenge with an industry mentor or connect with a STEM mentor.

You’ll also have access to a broad range of extra-curricular opportunities to build your experience and employability. You could take part in professional skills workshops tailored for engineering students, attend industry panels and networking events and compete in industry case competitions.

SPECIALISATIONS TO SUIT EVERY STUDENT
We offer a range of engineering masters courses tailored to students seeking professional accreditation, and a specialised suite for qualified engineers looking for career progression.

Our professional Master of Engineering is available in a range of specialisations, including ‘with business’ streams for students wanting to complement their technical skills with management, marketing, economics and strategy.

Discover our full range of masters courses in areas including:
- Biomedical
- Chemical, biochemical and materials
- Civil, structural, port and architectural
- Electrical
- Energy
- Engineering with business
- Environmental
- Engineering management
- Mechanical, mechatronics and aerospace
- Software
- Spatial.

CAREER OUTCOMES
Our graduates work around the world, entering the workforce with the ability to lead projects and teams, as well as the creativity to analyse problems and develop innovative solutions. As a Melbourne engineering graduate, you’ll have a unique set of business, technical, analytical and interpersonal skills, making you an ideal candidate for a career in engineering, business, government, research and management.

Our Master of Engineering course is the first in Australia to be accredited by both Engineers Australia and EUR-ACE®, opening global career opportunities for our graduates. Other accreditation bodies that we have agreements with include Euro-Inf®, iChemE, the Royal Institution of Chartered Surveyors and the Australian Computer Society.

FIND OUT MORE
MELBOURNE SCHOOL OF ENGINEERING
unimelb.edu.au/study/engineering

The Master of Engineering (Materials) is provisionally accredited with Engineers Australia, until sufficient students graduate. The Master of Engineering (Mechanical with Aerospace) is a new course, introduced in 2019, and accreditation will be sought once sufficient students have graduated.
GAINING INDUSTRY EXPOSURE

“I work in energy efficiency for an energy retailer in a consulting capacity, which falls into their ‘Energy Solutions’ business unit. Right now I’m managing the energy use at two dairy sites, two sewage treatment plants and a large shopping centre.

“Having a biochemical background has really helped me understand the processes behind each industry that I’m working in and has proved beneficial in the energy sector.

“It’s always good to get professional experience when you’re studying so you understand how your subjects can be applied to real life scenarios.

“I did internships in three industries - mining, dairy, and product stewardship for a cosmetics company. Each of these helped to shape my career trajectory after graduation.”

Sasha Finn (Canada)

LIVING LABORATORY:
ENGINEERING A SMART CITY

What if connectivity was the key to making our transport systems safer, smarter and more sustainable?

That’s the idea driving the Australian Integrated Multimodal EcoSystem (AIMES). Blending civil engineering, spatial information and information technology, AIMES is a world-first living laboratory based on the streets of Melbourne. Established by engineers from the University of Melbourne in collaboration with more than 50 government and industry partners, AIMES harnesses Internet of Things technologies to connect a network of sensors that enable vehicles, pedestrians and bicycles to wirelessly communicate with each other.

Covering an area of six square kilometres in inner-city Carlton, AIMES has the potential not only to make roads safer – by alerting commuters to upcoming hazards within a tenth of a second, for example – but also more efficient, giving drivers and autonomous vehicles early and instant warning of emerging traffic delays, and planners the means to seamlessly redirect traffic to keep the city moving. The result: a fully-integrated transport system that could be the answer to tackling congestion, increasing city sustainability and mobility and improving safety for all road users.

- 4-year honours degree in a related discipline with a WAM of 80%+ in final year subjects, or a relevant masters degree with a WAM of 80%+
  - A substantial research component equivalent to at least 25% of one year of full-time study

- Suitable for students seeking advanced research training to build expertise in a specialist area

- 4-year honours degree in a related discipline with a WAM of 80%+ in final year subjects, or a relevant masters degree with a WAM of 80%+
  - A substantial research component equivalent to at least 25% of one year of full-time study

This specialisation has received provisional accreditation from Engineers Australia. Full accreditation will be granted when sufficient students graduate from the program. Accreditation status will be backdated, so that all graduates receive full accreditation.

This specialisation was launched in 2019 and provisional accreditation will be sought through Engineers Australia once sufficient students have graduated.

Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
The University of Melbourne is an international leader in environmental education. We offer flexible, multidisciplinary courses that equip you for professional practice and leadership in environment and sustainability.

MULTIDISCIPLINARY AND FLEXIBLE
Choose from a wide range of courses designed to prepare you for specialisation in fields as diverse as energy efficiency, climate change, governance, health, environmental law, environmental science, agricultural science, environmental engineering and more. Some courses even allow you to tailor your own specialisation.

ON THE CUTTING EDGE OF RESEARCH
You’ll be exposed to the latest in environmental thinking and learn from practitioners and academics who are experts in their fields. Our academics are currently investigating:

- The impact of climatic and environmental change including sea level, storms and tsunami
- Human-nature relations – the interconnected economic, social and policy dynamics of sustainability innovations, climate governance and environmental management
- The social and cultural aspects of environment management and governance

MAKE A REAL-WORLD DIFFERENCE
Many of our courses provide the opportunity to undertake original research, a work placement, industry project or fieldwork. You could contribute to an environmental project overseas as part of your course, or experience a work placement at an organisation such as the City of Melbourne, Parks Victoria, Malaysian Zoo or the Green Building Council of Australia.

CAREER OUTCOMES
Our graduates are environmental leaders, contributing to a growing global network of professionals working on key sustainability issues. They work in global consultancies, in all levels of government, private and not-for-profit organisations, community education and academia.

The University of Melbourne is an international leader in environmental education. We offer flexible, multidisciplinary courses that equip you for professional practice and leadership in environment and sustainability.
PUTTING SUSTAINABLE DEVELOPMENT INTO ACTION

With his Master of Environment (with Distinction) in hand, Randi Julian Miranda returned to his home country of Indonesia to develop his agriculture-based social enterprise Handep Haruei. Randi was awarded the Student Engagement Grant to implement a community project in Indonesia – an opportunity which allowed him to put his sustainable development studies into action and take on issues within the community.

Randi started Handep Haruei in 2018, and he calls it the manifestation of his professional and learning experience at Melbourne University. Handep Haruei works to strengthen local agriculture and create added value for Kalimantan forest-based produce. This in turn will enhance local food security, re-value and preserve forests, and support economic development.

Randi encourages current students to look beyond the classroom. “University is where you meet people who might be your lifelong friends, your future colleagues or employers, he says. Where you might find the meaning and love of your life and re-define your life goals.”

“I urge students to excel in your field of expertise; connect with others; and create new opportunities for yourself and others.”
## Entry Requirements

- Undergraduate degree with a major in a related discipline with a WAM of 65%+, or
- Undergraduate degree with a major in a relevant discipline (agricultural science, biological sciences, chemistry, earth science,
- Undergraduate degree with a major in a related discipline with a WAM of 65%+, or

### 2 year degree:

- Undergraduate degree with a WAM of 65%+, and 2+ years' documented, relevant professional experience
- Undergraduate degree in a related discipline with a WAM of 65%+, or
- Undergraduate degree in a related discipline, 4 subjects in a graduate diploma in a related discipline and 1+ years' documented, relevant professional experience, or
- Undergraduate degree and Graduate Certificate in Environment with a WAM of 65%+, or
- Undergraduate degree with a WAM of 65%+, and 25+ credit points in chemistry, biology, mathematics or statistics, or
- 2-year associate degree or diploma in a related discipline, 5 years' documented, relevant professional experience and performance on a selection test

### 1 year degree:

- Undergraduate degree and Graduate Certificate in Environment with a WAM of 65%+, or
- Undergraduate degree with a WAM of 65%+, and 2+ years' documented, relevant professional experience
- Undergraduate degree in a related discipline with a WAM of 65%+, or
- 2-year associate degree or diploma in a related discipline, 5 years' documented, relevant professional experience and performance on a selection test

**Entry Requirements**

**2 year degree:**
- Undergraduate degree in a related discipline with a WAM of 65%+, or
- Undergraduate degree with a WAM of 65%+, and 2+ years’ documented, relevant professional experience

**1 year degree:**
- Honours degree including 25+ points of independent research in a related discipline with a WAM of 65%+, or
- Undergraduate degree in a related discipline with a WAM of 65%+, and 5+ years’ documented, relevant professional experience

**Course Outcomes**

**2 year degree:**
- Suitable for those who wish to seek professional development in the areas of environment and sustainability across a range of disciplines
- Provides a practice pathway focusing on advanced professional training, and a research pathway preparing students for a PhD or similar role in the environment
- Also available: Graduate Diploma in Environment (1 year) and Graduate Certificate in Environment (6 months)

**1 year degree:**
- Suitable for graduates of a science course who wish to work within the environmental sector, with the opportunity to specialise through a industry or research-based project in an area of interest
- Suitable for those wishing to build hands-on, practical skills in the management of the biophysical environment while learning to successfully consult and collaborate with communities and other stakeholders
- Also available: Graduate Diploma in Urban Horticulture (1 year)

**2 year degree:**
- Suitable for those wishing to work or advance careers in the expanding urban horticulture and landscape management industries
- Also available: Graduate Diploma in Urban Horticulture (1 year)

**Course Outcomes**

- Specifically developed with input from the Victorian Bushfires Royal Commission, the Victorian Building Commission, the Victorian Department of Planning and Community Development, the Country Fire Authority and the Fire Protection Association of Australia

---

1. Indicative range. Fees are charged on a per-subject basis.
2. Some subjects may be offered online, or using intensive residential or mixed mode delivery.
HEALTH

The University of Melbourne’s programs in biomedical science, dentistry, health sciences, medicine, population and global health and psychology will place you at the cutting edge of global health practice and research.

LEADING THE WAY IN HEALTH EDUCATION
Our courses are developed and delivered by leaders in health education through the University’s connections with hospitals, research institutes and the public and private sectors in Australia and overseas. The unique strengths of our internationally recognised research centres, active industry collaborations and involvement in health policy and practice will provide you with a stimulating learning environment and enriching opportunities. Our Parkville campus is in the heart of the Melbourne Biomedical Precinct, a leading global research and teaching hub and one of the top five biomedical precincts in the world.

BIOMEDICAL SCIENCE
Delve into research across fields including the cardiovascular and central nervous systems, neuropathology and haematology. Located in one of the world’s most highly concentrated precincts of biomedical research, we have strong links to leading research institutes, major general and specialist hospitals and private sector industries in Victoria and around the world.

DENTISTRY
Choose dentistry and you’ll learn from world-leading academics in a hub of internationally recognised dental research. Our state-of-the-art teaching facilities are the best in the southern hemisphere and offer our students the ability to get hands on with experiential simulation training and unmatched clinical experience.

HEALTH SCIENCES
We offer programs in audiology, nursing, physiotherapy, social work, speech pathology, optometry and vision sciences. Our state-of-the-art facilities, clinical education and fieldwork placements give you access to the best possible practical experience.

MEDICINE
The University of Melbourne was the first medical school in Australia and is renowned for global leadership in teaching and training, health research, policy and practice. Become part of a rich learning community in the clinical schools and departments across our numerous affiliated hospitals in metropolitan Melbourne and rural Victoria.

POPULATION AND GLOBAL HEALTH
Develop your career and research interests through leading programs in public health and specialist disciplines. These include: ageing, data sciences (applied analytics, biostatistics, epidemiology, health informatics and digital health), gender and women’s health, global health, health economics and economic evaluation, health program evaluation, health social sciences, Indigenous health and sexual health.

PSYCHOLOGY
The University is a research leader in cognitive and behavioural neuroscience, quantitative psychology, social psychology, developmental psychology and clinical science. As a psychology student, you’ll benefit from strong interdisciplinary collaborations across the University, and from a long list of hospital and research institute partners. Our globally-engaged academics seek to share and promote the use of psychological knowledge in solving major social and health challenges.

CAREER OUTCOMES
Our health programs will prepare you for an exciting and meaningful career. Potential opportunities include:

- Biomedical positions in hospitals and community agencies, private practice, rehabilitation centres, the sports industry and long-term care facilities
- Generalist and specialist practitioner roles in dentistry
- Clinical, research and academic positions across all medical specialisations
- Roles in public health, policy development and implementation, epidemiological or biostatistical research and social research
- Professional positions in allied health and therapy practices
- Psychology positions in settings such as hospitals and community agencies, rehabilitation centres, private practice, schools, human resources, counselling and behavioural research.

Many of our health courses are professionally accredited by governing bodies in Australia and overseas. Check the relevant course entry on the following pages for more information.

– Times Higher Education World University Rankings by Subject 2020
MAKING A DIFFERENCE

“I was attracted to social work because I want to work with families and make a difference in people’s lives. It’s a broad field and you can work in lots of different kinds of settings.

“I like the structure of the course, with our time on campus limited to two days. The staff have also been very supportive, and quite a few of them wrote the textbooks we study, which is reassuring!

“My placement this semester has been surprising. I thought I didn’t want to work in a hospital, but when my original placement fell through I swapped to the Royal Children’s Hospital at the last minute. And I’ve discovered I love it!

“I’m enjoying the variety, the team environment and being stretched. I’ve come across vulnerable children, family violence, financial hardship and bereavement, and I’ve worked with lots of different medical teams. It’s made me much more open to working in a hospital after graduation.

“I know I want to work with children and families, but I’m still open to where that might be. I’m excited to see what comes next.”

Lindiwe Mlalzi (Zimbabwe)
Master of Social Work
**ENTRY REQUIREMENTS**

- Dental degree with good academic results and current dental registration
- Undergraduate or graduate medical degree recognised by the Australian Medical Association (AMA)
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+
- Dental degree and current dental registration
- Current registration with the Dental Board of Australia as a dental therapist or oral health therapist
- Undergraduate degree with a major in a relevant discipline with a WAM 65%+
- Pathway into a research or other science-
- Undergraduate degree with 2nd year subjects in anatomy, physiology and biochemistry, completed in the last 10 years
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+

**ENTRY REQUIREMENTS**

- Undergraduate degree with a major in a relevant discipline with a WAM 65%+
- Undergraduate or graduate medical degree recognised by the Australian Medical Association (AMA), such as MBBS or its equivalent qualification
- Academic achievement and post-degree clinical experience considered
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+ of 1 year full-time study, with a WAM of 80%+, or Equivalent qualification and professional experience
- Endorsement of a prospective supervisor
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+ of 1 year full-time study, with a WAM of 75%+
- Endorsement of a prospective supervisor
- Undergraduate degree with 2nd year subjects in anatomy, physiology and biochemistry, completed in the last 10 years
- GAMSAT or American Dental Admission Test (DAT), Canadian Dental Aptitude Test (DAT), United Kingdom GAMSAT or BioMedical Admissions Test (BMAT)
- Dental degree and current dental registration
- High academic merit, attendance at professional development courses, publication of research and membership of professional organisations
- 2+ years’ documented, continuous, full-time clinical experience
- Dental degree with good academic results and current dental registration
- 2+ years’ documented, continuous, full-time clinical experience
- Current registration with the Dental Board of Australia as a dental therapist or oral health therapist
- 2+ years’ documented, relevant professional experience
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+ of 1 year full-time study, with a WAM of 80%+, or Equivalent qualification and professional experience
- Endorsement of a prospective supervisor
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+ of 1 year full-time study, with a WAM of 75%+
- Endorsement of a prospective supervisor
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+ of 1 year full-time study, with a WAM of 75%+
- Endorsement of a prospective supervisor

**COURSE OUTCOMES**

- Pathway into a research or other science-based career, i.e. PhD studies, academia and the biomedical research industry
- Accredited by the Royal Australasian College of Surgeons (RACS)
- Suitable for those who wish to provide additional evidence of technical and theoretical proficiency in anatomy in support of Surgical Education and Training (SET) applications
- Successful graduates gain a knowledge of anatomy to the standard required for the Generic Surgical Sciences Examination (GSSE)
- Suitable for students wishing to build expertise in their specialist area, acquiring a wide range of advanced and transferable skills
- Suitable for students who wish to develop advanced skills in carrying out independent and sustained research
- Suitable for general dentists who wish to expand their knowledge and skills in implant dentistry
- Approved by the Dental Board of Australia
- Graduates of this course will be qualified to become specialists
- Accredited by the Australian Dental Council (ADC) for specialist registration with the Australian Health Practitioner Regulation (AHPRA)
- Suitable for students wishing to build expertise in their specialist area, acquiring a wide range of advanced and transferable skills
- Suitable for students wishing to develop advanced skills in carrying out independent and sustained research

**ENTRY REQUIREMENTS**

- Undergraduate degree completed 10 or more years before 1 January of the year in which the applicant intends to commence; a graduate diploma, masters or PhD degree or equivalent completed within 10 years is also required
- Prerequisite subjects: 2nd year anatomy, physiology and biochemistry
- GAMSAT: score of 50+ in each section, or MCAT: overall score of 492+
- Multi Mini Interview

- Undergraduate degree in education, teaching, youth work, health science, health, welfare or sociology, or
- Undergraduate degree and 2+ years’ documented, relevant professional experience, or
- 5+ years’ documented, relevant professional experience (limited places available)
- Resume

- Honours degree in a related discipline, or
- Undergraduate degree and 2+ years’ relevant professional experience, or
- 8+ years’ relevant professional experience and demonstrated written and analytical skills

- Entry-to-practice health degree, or
- Undergraduate degree and 3+ years’ clinical teaching experience
- Currently involved in clinical teaching

- Undergraduate degree in medicine, allied health, science or social science
- 1+ years’ documented, relevant professional experience

- Doctor of Medicine or Bachelor of Medicine and Bachelor of Surgery (MBBS), or
- Undergraduate degree in allied health, nursing, physiotherapy or science

- Undergraduate degree in a related discipline, or
- Undergraduate degree and 1+ years’ documented, relevant professional experience
- Prerequisite subjects: 1st year biology and 2nd year genetics
- Experience in providing peer/counselling support
- Personal statement and referee reports

- Undergraduate degree in a related discipline with a WAM of 65%+, or
- 6+ years’ documented, relevant professional experience, or
- Undergraduate degree with a WAM of 65%+ and 2+ years’ documented, relevant professional experience
- Prerequisite subjects: 1st year biology

- Undergraduate degree, or equivalent, in Medicine
- 2+ years’ experience as a practising doctor
- Accepted in an accredited training hospital in Victoria for the 5-year Radiology Registrar training program
- Successfully passed Part 1 of the RANZCR exams

**COURSE OUTCOMES**

- Suitable for students seeking advanced clinical and academic training to ensure they are prepared for the challenges of a high quality medical internship
- Accredited by the Australian Medical Council
- Approved by the Medical Board of Australia as providing a qualification for the purposes of registration in the medical profession

- Suitable for health and education professionals such as nurses, social workers, teachers, youth workers and police officers who wish to better engage with young people and work more effectively towards improving their health and wellbeing outcomes
- Also available: Graduate Diploma in Adolescent Health and Wellbeing (1 year) and Graduate Certificate in Adolescent Health and Wellbeing (1 year part time only)

- Suitable for students seeking evidence-based specialist knowledge in the rapidly evolving fields of clinical care and cancer research
- Developed and presented by leading clinicians and researchers from the Victorian Comprehensive Cancer Centre (VCCC)
- Also available: Graduate Certificate in Cancer Sciences (6 months) and Specialist Certificate in Cancer Sciences (6 months part time only)

- Suitable for students seeking to lead others in developing and evaluating educational quality in their organisation
- Pathway to research including PhD
- Also available: Graduate Diploma in Clinical Education (2 year part time only) and Graduate Certificate in Clinical Teaching (1 year part time only)

- Designed to provide graduates with medical, biomedical, nursing or allied health backgrounds the opportunity to advance their clinical research skills and capabilities
- Also available: Graduate Diploma in Clinical Research (1 year) and Graduate Certificate in Clinical Research (1 year part time only)

- Suitable for those seeking advanced skills and knowledge in 3D echocardiography and additional imaging techniques and modalities
- Also available: Graduate Diploma in Clinical Ultrasound (1 year) and Graduate Certificate in Clinical Ultrasound (6 months)

- Suitable for students preparing for the challenges of a high quality medical internship
- Pathway to research for those who complete the research stream
- Suitable for students seeking employment in fields such as public health and health policy, medical and allied health settings, clinical trials and research
- Also available: Graduate Diploma in Genomics and Health (1 year) and Graduate Certificate in Genomics and Health (6 months)

- Suitable for students wishing to supplement their vocational training
- Strategically aligned with the Royal Australian and New Zealand College of Radiologists (RANZCR) curriculum
### ENTRY REQUIREMENTS

- Undergraduate degree, or
- Undergraduate or graduate degree in clinical medicine
- Postgraduate coursework Doctor of Medicine, or an undergraduate degree in medicine
- Undergraduate degree in a related discipline, or
- Undergraduate degree in education, teaching, health science, social work, psychology, medicine, or a related discipline, or
- Doctor of Medicine or Bachelor of Medicine and Bachelor of Surgery
- Undergraduate degree in health or medical science and 3+ years' documented, relevant professional experience, or
- Postgraduate coursework Doctor of Medicine, or an undergraduate degree in medicine, or equivalent

### Entry Requirements

- Undergraduate degree with a WAM of 65%+ or equivalent, or
- A current detailed curriculum vitae or resume
- Successful graduation from the University of Melbourne’s Graduate Certificate in Empowering Aboriginal Communities with a WAM of 60%+
- Masters or honours degree in a related discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 80%+, or
- Equivalent qualification and professional experience
- Endorsement of a prospective supervisor

### Course Outcomes

- Suitable for those looking to develop the skills required for a career in public health
- Pathway to research studies in public health research
- Provides a practice pathway with a focus on professional training in public health practice and skills
- Suitable for students wishing to build expertise in their specialist area, acquiring a wide range of advanced and transferable skills
- Suitable for students wishing to develop advanced skills in carrying out independent and sustained research
- Suitable for those who wish to gain an understanding of positive psychology principles and how to apply them in professional and personal life
- Suitable for psychology graduates who wish to develop practical skills in applying psychology to the world of business, government, the non-profit sector, marketing, consumer and social research, and health
- Note: the Master of Applied Psychology does not carry professional accreditation and is not a pathway to professional registration as a psychologist
- Designed for people who are interested in applying the science of positive psychology in health, business and organisational contexts
- Suitable for students wishing to develop practical skills in applying psychology to the world of business, government, the non-profit sector, marketing, consumer and social research, and health
- Suitable for students wishing to build expertise in their specialist area, acquiring a wide range of advanced and transferable skills
- Suitable for students wishing to develop advanced skills in carrying out independent and sustained research

---

Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.

This course is not subjected to a student visa. Delivered by University of Melbourne Professional Development. See: unimelb.edu.au/professional-development.

Mid year entry not available to international students.
INFORMATION TECHNOLOGY AND COMPUTER SCIENCE

The University of Melbourne offers dynamic, industry-relevant programs to prepare our graduates for rewarding careers in the fast-moving and exciting field of information technology and computer science.

CREATIVE THINKING AND PRACTICAL APPLICATION
IT and computer science at Melbourne is grounded in both science and engineering, brought to life through creative thinking and practical application. As an IT student, you’ll experience a curriculum designed in consultation with leading IT industry decision-makers and taught by world-leading experts, with opportunities for industry placements.

Explore how the latest advancements in artificial intelligence, cybersecurity and machine learning are transforming the world.

AT THE FOREFRONT OF GLOBAL IT ADVANCEMENT
The University of Melbourne is located in Australia’s most dynamic technology and med-tech precinct at Parkville. Our IT research is at the forefront of global advancement in areas such as broadband networks, cybersecurity, human-computer interaction, distributed and cloud computing and bioinformatics.

ENGAGED WITH RESEARCH AND INDUSTRY
The University is an international research leader in computer science, information systems and software engineering. We collaborate with a wide variety of industry partners, including government and private enterprise, giving students the opportunity to connect with industry and create solutions for specific real-world problems.

CHOOSE YOUR SPECIALISATION
We offer programs for creative students who are passionate about cutting-edge technology and its applications in solving real-world problems across all areas of business, government and society.

You can choose from graduate courses in software engineering, spatial information, human-computer interaction, artificial intelligence, distributed computing, eHealth, cybersecurity, information systems, computer science, data science and more.

CAREER OUTCOMES
Our IT graduates are in high demand in Australia and overseas. You will be equipped to work in any setting – from your own start-up to multinational corporations, from government or not-for-profits to the health sector. You will create software and information systems, unlock the meaning and value in data and information, and shape the ways in which people and technology interact.

Our Master of Engineering (Software) is the first in Australia to be accredited by both Engineers Australia and EUR-ACE®, opening global career opportunities for graduates. We also have accreditation agreements with Euro-Inf® and the Australian Computer Society.

Please check the specific courses on the following pages for more information.

#1 IN AUSTRALIA FOR COMPUTER SCIENCE AND INFORMATION SYSTEMS
– QS World University Rankings by Subject 2020
“I chose the Master of Information Systems because it puts you at the front of managing emerging technology and making businesses work with it.

“Information Systems excites me because I have gained a perspective on technology and businesses through the lens of managing both parts concurrently and what it takes to successfully combine the two.”

Ngei Ning Lau (Australia)
Master of Information Systems
### ENTRY REQUIREMENTS

- **Undergraduate degree with a major in computer science, data science or statistics with a WAM of 65%+**
- **Honours degree in a related discipline or a relevant masters degree with a WAM of 80%+ and a substantial research component**

For a 2 year degree:
- **Undergraduate degree with a major in computer science or equivalent with a WAM of 75%+**
- **Undergraduate degree in any discipline**

**Commonwealth Supported Places (CSPs)** may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 116.

Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

The University of Melbourne is the pioneer of graduate law in Australia. We have educated judges, prime ministers, lawyers and academics for more than 160 years.

A GLOBAL LEADER IN LEGAL EDUCATION
The University of Melbourne is a global leader and innovator in legal education. As a Melbourne law student, you’ll engage with experts in all areas of law, and be part of a vibrant learning environment that values ideas, excellence and intellectual exchange.

CONNECTIONS BEYOND MELBOURNE
Our 20 research centres, groups, networks and institutes span the spectrum of legal endeavour. We’re connected via international partnerships to leading law schools in the United Kingdom, Asia and North America, and we offer dual-program degrees with the University of Cambridge, the University of Oxford, New York University, the University of British Columbia’s Peter A Allard School of Law, the Chinese University of Hong Kong and the National University of Singapore.

BECOME AN OUTSTANDING LEGAL PRACTITIONER
The Melbourne Juris Doctor (JD) is a graduate law degree that leads to admission to legal practice in Australia and can be used as a basis for seeking admission in many overseas jurisdictions. The JD curriculum allows you to build the core skills essential to a wide range of legal and professional careers, and provides extensive international opportunities.

MAKE YOUR MARK IN LEGAL RESEARCH
Pursue a graduate research degree and you’ll have access to high-quality research facilities and dedicated academic supervision from internationally recognised scholars, studying alongside some of the best emerging research talent in Australia.

CAREER OUTCOMES
Graduating with a law degree from the University of Melbourne means that wherever your career takes you, both nationally and internationally, your degree will be recognised as exceptional.

Our most recent survey revealed outstanding employment outcomes for our JD graduates, with an employment rate of 98 per cent for the class of 2017, 18 months after graduating. Our graduates are employed at national and international law firms, management consulting companies, financial institutions, non-governmental organisations (NGOs), aid organisations and government departments, to name just a few.

MASTER YOUR AREA OF SPECIALISATION
The Melbourne Law Masters program offers masters degrees, graduate diplomas, specialist certificates and single subject study to both law and non-law graduates at the highest global standard. Programs can be tailored to meet your personal and professional aspirations: choose from 26 specialist legal areas and more than 180 subjects taught each year by leading experts from around the world.

</table>
| • Refer to the entry requirements under Master of Banking and Finance Law on page 86 | • Suitable for those who wish to learn about international and comparative tax policy, including technical issues of international tax law and current developments.
| • Refer to the entry requirements under Master of Banking and Finance Law on page 86 | • Suitable for those who wish to examine legalisation of development, the role of economic institutions in law reform, and the history of rule of law in a developmental context.
| • Refer to the entry requirements under Master of Banking and Finance Law on page 86 | • Suitable for those who wish to learn about the latest developments and legal thinking in areas central to commercial litigation and commercial transactions including contract law, law of torts, equity, restitution, trusts, property and remedies.
| • Refer to the entry requirements under Master of Banking and Finance Law on page 86 | • Suitable for those who wish to gain advanced understanding of public and international law, including the legal and institutional framework for Australian government in theory and practice.
| • Refer to the entry requirements under Master of Banking and Finance Law on page 86 | • Suitable for those who wish to learn about tax law and policy, emphasising international trends and current developments.
| • Refer to the entry requirements under Graduat... | • Suitable for those wishing to learn about corporate law and regulation in Australia and overseas.
| • Entry-to-practice law degree (e.g. LLB or JD) at honours standard, or | • Suitable for those wishing to learn about existing and developing laws affecting the media and communications industries and their impact on publication of information, ownership, services and technology.
| • Undergraduate degree in a related discipline and 1+ years’ documented, relevant professional experience, or | • Suitable for those wishing to learn about alternative forms of dispute resolution, new developments and comparisons between Australia and other countries.
| • A degree in law (LLB, JD or equivalent) at honours standard or equivalent leading to admission to legal practice | • Suitable for those wishing to learn about all aspects of operations of government including comparative public law and international dimensions of government law.
| • A degree in law (LLB, JD or equivalent) leading to admission to legal practice and at least one year of documented, relevant professional experience | • Suitable for those wishing to study laws governing economic relations between different countries, domestic government regulation, private international transactions and international regulation between countries.
| • Masters or honours degree in a related discipline with a WAM of 75%+, including relevant research project equivalent to 25% of 1 year of full-time study | • Suitable for international legal practitioners and those in international agencies or non-government organisations.
| • Masters or honours degree in a related discipline with a WAM of 75%+, including relevant research project equivalent to 25% of 1 year of full-time study | • Suitable for professionals in the private and public sectors who are aspiring to build an advanced and integrated understanding of the complex body of knowledge in relation to law and new technologies.

- Requirements listed are a guide only and may be subject to change for 2020 entry. Students must also meet English language requirements – see page 124.
- Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.
- Flexible study options subject to approval.
- Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
MUSIC, VISUAL AND PERFORMING ARTS

The University of Melbourne is renowned worldwide for cultivating talented professionals and academics across the creative arts. Graduate programs combine immersive studio and practice-based training with critical investigation, delivered in cutting-edge facilities.

WORLD-RENOVATED ARTISTIC MENTORS

As a music, visual or performing arts student you will be taught and mentored by some of Australia’s most gifted and passionate musicians, composers, artists, performers, directors and choreographers. Our partnerships with Melbourne arts organisations such as the Melbourne Symphony Orchestra and the Australian Centre for the Moving Image ensure your learning is practical and relevant.

FIRST-CLASS FACILITIES

Join a dynamic and vibrant community of dedicated makers, creators and performers, whose passion will inspire you to reach further to create and perform beyond your artistic boundaries. A walk through our Southbank campus reveals an arts precinct undergoing huge transformation: a once-in-a-generation overall investment in specialised infrastructure approaching $200 million. The state-of-the-art Ian Potter Southbank Centre was completed in early 2019. As the new home for the Melbourne Conservatorium of Music, it encourages collaboration across the artistic disciplines as music students engage with those studying film and visual and performing arts.

The Buxton Contemporary is open to the public, and the historic Dodds Street Police Stables have been transformed into new artist studios and exhibition spaces for students. The Riding Hall is now a multi-purpose venue, seating up to 260 people. Other developments include a new multi-storey library, the new home of the Wilin Centre for Indigenous Arts and Cultural Development, and new Production Design Studios and Print Workshop.

STUDIES IN FINE ARTS

The Victorian College of the Arts offers graduate programs in visual art, filmmaking, screenwriting, dance and choreography, writing, design for screen or live performance, creative arts or music therapy, film and TV producing and dramaturgy. We’re committed to providing a transformative learning experience in pursuit of artistic excellence, innovation and an absorbing education. Our learning environment has an atmosphere of critical confidence and creative risk taking, as well as high expectations in development of skill and facility.

STUDIES IN MUSIC

The Melbourne Conservatorium of Music offers the most comprehensive range of music courses in Australia. You could study composition, conducting, ethnomusicology, musicology, interactive composition, jazz and improvisation, music therapy, music performance, music performance teaching, music psychology and performance science, opera performance or orchestral performance. We provide national and international leadership in all areas of music, through graduate programs of the highest quality and a diverse range of innovative and creative research.

CAREER OUTCOMES

Our aim is to cultivate and inspire talent, facilitating successful futures for the next generation of artists. Our illustrious alumni work in prominent positions around the world. Their work is frequently recognised in prestigious film festivals, arts prizes and industry awards. They work in film, television, dance, theatre and music theatre; or as independent artists, art and music teachers, conductors, producers, orchestral musicians, directors, arts managers, production designers, in schools and in music therapy.

Our courses are recognised in Australia and internationally, with some receiving accreditation from professional industry bodies. Our Master of Music Therapy is accredited by the Australian Music Therapy Association and the Master of Music (Performance Teaching) offers Primary Level Suzuki Teacher Accreditation.

Our Master of Music (Orchestral Performance) is delivered in partnership with the Melbourne Symphony Orchestra, and is the first and only course of its kind in the Asia-Pacific region offering elite-level training for aspiring orchestral musicians.

#16 IN THE WORLD FOR PERFORMING ARTS
- QS World University Rankings by Subject 2020
After moving to Melbourne to pursue design, Priya Namana found herself increasingly frustrated at the socio-political climate around her, so found a constructive space for expression as a video artist.

“I came to the VCA with no expectations, but my time has been spacious, responsive, rigorous, and insightful. The conversations with my peers and mentors have been inspiring and I am so infinitely amazed at how present and supportive everyone is in every interaction with technicians, supervisors and lecturers. With all of this support, I am further developing a very personal language and learning to communicate with the world effectively and accurately.

“My advice to others considering studying at the VCA is to be curious, tenacious and open to changing – so that something new can happen to you and your ideas. Learn how to make considered marks and stay connected and engaged with the broader community outside your artistic practice. And ready your stamina for endurance!”

Priya Namana (India)
Master of Contemporary Art
## ENTRY REQUIREMENTS

- Undergraduate degree
- 2 year degree:
  - Undergraduate degree with a WAM of 65%+ in the final 2 years of study, or
  - Undergraduate, honours or graduate degree with a WAM of 70%+ in major subjects, or
  - Undergraduate degree, or
  - Bachelor of Music with a WAM of 65%+ in the final year of study, or
  - Undergraduate degree with a WAM of 65%+ in the final 2 years of study, or
  - Undergraduate degree

• Music Therapy, Musicology & Ethnomusicology, Music Psychology and Performance Science specialisations: substantial piece of scholarly writing and research proposal | • Provides a research pathway for those who wish to undertake a substantial piece of original research in the areas of composition, interactive composition, music performance (including conducting), and jazz & improvisation |
| • Honours degree in a related discipline with a WAM of 75%+, or  
• Undergraduate degree in a related discipline with a WAM of 75%+ and 2+ years’ documented, relevant professional experience, or  
• 5+ years’ documented, relevant professional experience and demonstrated outstanding artistic ability together with evidence of ability in academic writing  
• Each discipline has extra requirements that may include performance in one or more of an audition, test, interview, workshop or folio presentation | • Suitable for those who wish to engage in independent research in their field of artistic practice  
• Provides a research pathway via a thesis comprising a combination of creative work and written dissertation, or a written dissertation to the equivalent of 40,000 words |
| • Bachelor of Music (Honours) with a WAM of 75%+  
• Each discipline has extra requirements that may include an audition, folio submission, or submission of a substantial piece of scholarly writing and research proposal | • Suitable for music (honours) graduates who wish to undertake a specialist professional practice-based research degree in the areas of composition, interactive composition, music performance (including conducting), and jazz & improvisation  
• Provides a research pathway via the development of a public performance/recitals, a composition folio of new works or a major/minor thesis |

* Documentary and Narrative streams.
* Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
As a pioneer in scientific teaching and research for over 150 years, the University of Melbourne will provide you with a stimulating learning environment where you’ll join scientific leaders in the search for solutions to today’s most challenging problems.

**DIVERSE DISCIPLINES, ESSENTIAL SKILLS**

We offer the most diverse range of scientific disciplines of any Australian university, including programs in the chemical, earth, environmental, life, social, mathematical and physical sciences. Our programs combine advanced knowledge in core scientific disciplines with high-level training in business, communication and technical skills – an innovative, purpose-built curriculum supported by scientists, business and industry. Our coursework and research degrees provide opportunities for you to get involved with industry partnerships, collaborative research ventures and overseas exchanges.

**DELVE INTO THE LATEST RESEARCH**

You’ll learn from internationally renowned academics and leaders in research who are actively solving global problems. Here are some global issues that our academics are working on.

**PROGRAMMING OUR QUANTUM FUTURE**

The quantum computing revolution is coming, and we are developing the tools we’ll need to reach this future. In 2018, our physicists set a world record for quantum computing simulation. Now they are bringing this expertise to the classroom, with a new graduate subject in quantum computing programming.

**SAVING LIVES WHEN THE POWER GOES OUT**

Pneumonia is the biggest killer of children worldwide. Our researchers are working with locals in Uganda to install and run electricity-free FREO2 oxygen technology to provide life-saving oxygen when the power goes out. This has the potential to save 2500 lives, every day.

**IMPROVING THE WORLD’S DIET**

Iron and zinc deficiency is a major problem in many developing countries. Our researchers have developed iron and zinc biofortified rice and wheat that has the potential to change the lives of the billions of people who obtain most of their calories from these staple foods.

**UNDERSTANDING CLIMATE CHANGE**

Climate change is with us. Our scientists are leading research programs to understand the impact on our weather, our natural habitats, our cities, our economies, and our societies, and developing renewable technologies that will help us get to a zero-emission future.

**CAREER OUTCOMES**

Melbourne graduates have an excellent reputation and enjoy access to a wide range of career opportunities worldwide, including jobs in government, industry, hospitals, research institutes and universities. Science graduates are also sought-after for their analytical and problem-solving skills in fields outside of the sciences.

#1 IN AUSTRALIA FOR BIOLOGICAL SCIENCES

- QS World University Rankings by Subject 2020
“Studying geology at Melbourne has led to some pretty amazing opportunities for me, from mapping in Timor-Leste to trekking in the Transantarctic Mountains. I now find myself constantly exploring new places and being challenged by interesting problems. The Earth is so fascinating to study and I’m learning new things every day.”

Jeremy Lee (Australia)
Bachelor of Science, major in Geology
Master of Science (Earth Sciences)
PhD
### ENTRY REQUIREMENTS

- Undergraduate degree with a major in chemical physics, engineering, mathematical physics, mathematics, physics or statistics
- Undergraduate degree with a major in agricultural science, botany, ecology, environmental economics, environmental science.
- Undergraduate degree with a major in computational biology, biology, biomedicine, computer science, mathematics, statistics, or computer science.
- Undergraduate degree with a major in biology and biomedicine, mathematics and statistics, or computer science.
- Undergraduate degree with a major in agricultural science, climate and weather, biochemistry, botany, chemistry, engineering, environmental science.
- Undergraduate degree with a major in biomedicine, computational biology, ecology, evolutionary biology, environmental science, earth, ocean or environmental science.
- Undergraduate degree with a major in geography, ecology and evolutionary biology, environmental science, earth, ocean or environmental science.

- Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.
- Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 116.
- Entry requirements listed are a guide only and may be subject to change for 2021 entry. Students must also meet English language requirements – see page 124. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.
## Course Outcomes

- Suitable for those wishing to pursue a career as horticulturalists, arborists, revegetation and restoration specialists, landscape designers, open space managers, and nursery and greenhouse managers.
- Suitable for those wishing to enhance an existing undergraduate major with an additional 100 points of study, potentially including a research component as a pathway to further graduate research.
- Suitable for those wishing to develop on first-year study in area of science as a potential pathway to further graduate study.
- Suitable for those wishing to develop skills in garden design, theory and practice, horticultural principles, sustainability thinking and practice, as well as skills in plant selection and use.
- Suitable for those wishing to develop skills in an organisational context, gain practical experience and build professional networks through an industry-based internship.
- Suitable for those wishing to develop advanced skills in conducting independent and sustained research.
- Suitable for those wishing to forge a career in research-focused chemical, pharmaceutical or biotechnology organisations.

- Research subjects must be completed in consecutive semesters.
- Not available to international students who require a visa to study in Australia.
- Only available to international students within the terms of their existing visa.
- Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RTP). See page 116.
Solve global challenges by improving animal health, sustainable agricultural practice, and food security with degrees that give you the tools to make a difference from the University of Melbourne.

**A LASTING CAREER WITH LASTING IMPACT**
Discover a vast range of study areas that let you explore your passion and give you an edge in the professional field, all while you make a real difference. Whether it’s a research or coursework degree, you’ll be learning from academics and industry professionals at Australia’s leading university for research in veterinary and agricultural sciences within globally relevant disciplines that will affect the future of our world.

**VETERINARY SCIENCE**
Learn in new $63 million facilities, explore animal health and welfare, and its effects on human health. The Doctor of Veterinary Medicine (DVM) is based on the latest global thinking in veterinary science practice, teaching and learning and is internationally accredited by bodies including the Australasian Veterinary Boards Council Inc, the American Veterinary Medical Association and the Royal College of Veterinary Surgeons (UK).

With the ability to select a career track and to access intensive, practical experience over two years of the degree, veterinary science enables you to stand out upon graduation.

**AGRICULTURAL SCIENCE**
Agricultural science transcends global boundaries, with over 90 per cent of graduates finding employment after course completion. Whether starting your research career or upskilling with coursework, a postgraduate degree in agricultural science is your opportunity to use science, technology and business to tackle critical sustainability issues that affect global communities, such as changing climate, declining environmental health and increasing demand for conscientious food production.

**FOOD SCIENCE**
As our population increases, the need for nutritious, ethical, sustainable and delicious food does too. A graduate qualification in food science will give you the edge to excel in your career by sharpening your skills and knowledge. Food science combines a strong core in food chemistry, processing, sensory, safety and microbiology. You’ll work with leading researchers to explore green packaging initiatives, increase food nutrition content and reduce global food waste to ensure every person can live a healthy and sustainable life.

**CAREER OUTCOMES**
Our graduates work around the world to solve the challenges of our future, applying the skills they’ve developed in work placements at industry-leading companies, or in collaborations with industry and partner laboratories. Explore our network of industry links, open doors with your qualifications and discover a sustainable career with the University of Melbourne.

"I chose to do further study at Melbourne because Australia is close to the growing Asian markets. The Master of Agricultural Sciences has a lot of subject options. These have helped me build the skills to grow agribusinesses in the context of new technologies, climate change and the volatility of agricultural markets."

Angel Rossi (Argentina)
Master of Agricultural Sciences, specialisation in Agribusiness

### ENTRY REQUIREMENTS

- Degree in veterinary science (e.g. Bachelor of Veterinary Science or Doctor of Veterinary Medicine), or
- Acceptance into the Doctor of Veterinary Medicine at the University of Melbourne and currently undertaking full-time studies in good standing

- Undergraduate degree, or
- 6+ years' documented, relevant professional experience

- Undergraduate degree or graduate certificate/graduate diploma with a WAM of 65%+, or
- Honours degree
- Resume, 2 academic referee reports and personal statement

- Undergraduate degree with a WAM of 65%+

### 4 year degree

- Agriculture, biomedicine or science degree including (12.5+ credit points) in general or cellular biology and (12.5+ credit points) in biochemistry
- Personal statement and 2-3 referees

3 year degree via accelerated pathway

- Bachelor of Science with a major in Animal Health and Disease (Veterinary Bioscience specialisation)
- Biology, Biochemistry and Foundations in Animal Health 1 and 2 subjects, and a level 1 Physics subject if not completed in VCE
- Personal statement and 2-3 referees

- Degree in veterinary science (e.g. Bachelor of Veterinary Science or Doctor of Veterinary Medicine), or
- Acceptance into the Doctor of Veterinary Medicine at the University of Melbourne and currently undertaking full-time studies in good standing

- Degree in veterinary science, or an equivalent qualification from a veterinary school listed in the World Health Organization Directory of Veterinary Schools, and 2+ years' documented, relevant professional experience in the diagnosis and control of animal diseases, or
- Undergraduate degree in a relevant scientific field (e.g. agriculture or biology) with a demonstrated appropriate background in Master of Veterinary Public Health core curriculum areas including veterinary anatomy, physiology, pathology and microbiology,
- 4+ years of documented relevant work experience in the diagnosis and control of animal disease (e.g. as a government employed Animal Health Officer)

### 3 year degree via accelerated pathway

- Bachelor of Science with a major in Animal Health and Disease (Veterinary Bioscience specialisation)
- Biology, Biochemistry and Foundations in Animal Health 1 and 2 subjects, and a level 1 Physics subject if not completed in VCE
- Personal statement and 2-3 referees

- Degree in veterinary science (e.g. Bachelor of Veterinary Science or Doctor of Veterinary Medicine) and current enrollment in the Master of Veterinary Science (Clinical)

- Entry-to-practice degree in veterinary science (e.g. Bachelor of Veterinary Science or Doctor of Veterinary Medicine)

### COURSE OUTCOMES

- Suitable for veterinary professionals who wish to learn the principles of agricultural business management
- Available as concurrent qualification with the Doctor of Veterinary Medicine

- Suitable for those who wish to develop the skills and knowledge to contribute to improving agricultural production in Australia and overseas and addressing the environmental, political and scientific challenges of international food security
- Also available: Graduate Diploma in Agricultural Sciences (6 months)

- Suitable for those with an interest in working in the food industry in the areas of new product development, packaging design and marketing
- Also available: Graduate Diploma in Food Science (6 months) and Graduate Certificate in Food Science (6 months)

- Suitable for those who wish to develop in-depth knowledge of food research, quality, safety and manufacturing, complemented by knowledge of industry influences like regulatory frameworks, international trade and the influence of biotechnological methods in food production.
- Also available: Graduate Diploma in Food Science (6 months)

- Suitable for veterinarians and veterinary students seeking to develop specialist training in organisational leadership and management, across a broad range of management settings
- Available as concurrent qualification with the Doctor of Veterinary Medicine

- Suitable for veterinarians, animal scientists and animal health workers who wish to develop the skills to contribute effectively in animal disease responses, both in Australia and internationally
- Also available: Graduate Diploma in Veterinary Public Health (1 year) and Graduate Certificate in Veterinary Public Health (6 months)

- Suitable for those who wish to develop advanced clinical skills in anesthesia, clinical pathology, diagnostic imaging, emergency medical and critical care, equine medicine, equine surgery, small animal medicine or small animal surgery

- Suitable for practising veterinary professionals seeking to upgrade their skills in emergency and critical care

- Suitable for practising veterinary professionals seeking to continue their education, advance their career and refine their knowledge in ultrasound techniques
ENTRY REQUIREMENTS

- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to
- Bachelor of Veterinary Science (honours level) at H2A or above, or a recognised equivalent qualification

Designed to develop graduates who will

- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to
- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to
- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to
- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to

108 groves, grapevines and almond trees to citrus trees, destroy around 350 different plant species — from olive farmers, “less than 24 hours, we can provide results online to the agriculture methods. We can fly over a large field and, in
to enable interested growers to access advanced precision with innovative technology and fast processing methods

“At the University, we have established an aircraft facility with innovative technology and fast processing methods to enable interested growers to access advanced precision agriculture methods. We can fly over a large field and, in less than 24 hours, we can provide results online to the farmers,” says Pablo.

“In Europe, we’ve used aircraft with innovative thermals and hyperspectral cameras to help farmers make decisions about water stress and which plots need to be irrigated.”

With the world’s population set to grow to 9.7 billion by 2050, the demand for clean, safe food will rise and a changing climate and declining environmental health mean agriculture must become more sustainable and efficient. Applying advanced technologies through precision agriculture will help you to meet these challenges in your career.

- Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.
- Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 116.
- Entry requirements listed are a guide only and may be subject to change for 2021 entry. Students must also meet English language requirements – see page 124. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

HARNESSING THE POWER OF NEW TECHNOLOGY AND ‘BIG DATA’.

It is one of the world’s most dangerous plant pathogens and the University of Melbourne’s Professor Pablo Zarco-Tejada is on a mission to stop it. The fast-spreading and aggressive Xylella fastidiosa bacterium can infect and destroy around 350 different plant species — from olive groves, grapevines and almond trees to citrus trees, elms and oaks.

It has been a threat in the Americas for decades and more recently has spread to Europe and Asia. But precision agriculture is stepping in to wage war against this bacterium. A drone equipped with a hyperspectral camera can be flown over potentially infected areas and swiftly detect tell-tale signs of infection, such as slight colour changes and damage to the system that trees and plants use to take water to their leaves.

“At the University, we have established an aircraft facility with innovative technology and fast processing methods to enable interested growers to access advanced precision agriculture methods. We can fly over a large field and, in less than 24 hours, we can provide results online to the farmers,” says Pablo.

“In Europe, we’ve used aircraft with innovative thermals and hyperspectral cameras to help farmers make decisions about water stress and which plots need to be irrigated.”

With the world’s population set to grow to 9.7 billion by 2050, the demand for clean, safe food will rise and a changing climate and declining environmental health mean agriculture must become more sustainable and efficient. Applying advanced technologies through precision agriculture will help you to meet these challenges in your career.
ENTRY REQUIREMENTS

- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 75%
- Designed to develop graduates who will manage a research project characterised by originality and independence

- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 75%
- Designed to develop graduates who will manage a research project characterised by originality and independence

- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 75%
- Designed to develop graduates who will manage a research project characterised by originality and independence

- 4-year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 75%
- Designed to develop graduates who will manage a research project characterised by originality and independence

- Bachelor of Veterinary Science (honours level) at H2A or above, or a recognised equivalent qualification
- Designed to develop graduates who will manage a research project characterised by originality and independence

---

COURSE OUTCOMES

- Designed to develop graduates who will manage a research project characterised by originality and independence
- Designed to develop graduates who will manage a research project characterised by originality and independence
- Designed to develop graduates who will manage a research project characterised by originality and independence
- Designed to develop graduates who will manage a research project characterised by originality and independence
- Designed to develop graduates who will manage a research project characterised by originality and independence

---

3 years part time when studied concurrently with the Doctor of Veterinary Medicine.
- Students concurrently enrolled in the Doctor of Veterinary Medicine are eligible for 37.5 points cross-credited.
- This course is not subjected to a student visa. Delivered by University of Melbourne Professional Development. See: unimelb.edu.au/professional-development.
- Most domestic students are exempt from tuition fees through the Australian Government’s Research Training Program Fee Offset Scholarship (RPT). See page 116.
ADMISSIONS:
DOMESTIC STUDENTS
YOU ARE A DOMESTIC STUDENT IF YOU ARE:
• An Australian citizen, or
• An Australian permanent resident (including holders of Australian permanent humanitarian visas), or
• A New Zealand citizen.

Different application processes apply for coursework and research degrees.

COURSEWORK DEGREES
Our graduate coursework degrees include:
• Graduate certificates
• Graduate diplomas
• Masters by Coursework
• Professional Doctorates.

For information on how to apply for a graduate coursework degree, see page 114.

APPLICATION CLOSING DATES
Please refer to the website for standard application closing dates:
study.unimelb.edu.au/how-to-apply

Some courses have early closing dates. Please check the appropriate graduate school website for more details before submitting your application. Early application is recommended as you may be given an early offer, depending on the course you apply for.

Late applications may also be accepted if places are available. Contact the relevant graduate school before submitting a late application.

TEST CLOSING DATES
Make sure you check the registration and closing dates for any tests you’re required to take as part of the entry requirements.

GAMSAT: gamsat.acer.edu.au
GMAT: mba.com/exams/gmat
GRE: ets.org/gre
LSAT: lsac.org

RESEARCH DEGREES
Graduate research degrees include:
• Masters by Research
• Master of Philosophy
• Doctorates by Research
• Doctor of Philosophy.

For information on how to apply for a graduate research degree, see page 115.

APPLICATION CLOSING DATES
Applications for research places are accepted throughout the year. Please check the relevant graduate school website for specific course application closing dates.

There are strict closing dates for University of Melbourne graduate research scholarships. We strongly recommend that you submit your application and all required documents well before the relevant closing date.

study.unimelb.edu.au/how-to-apply

ENGLISH LANGUAGE REQUIREMENTS
All applicants must satisfy the University’s English language requirements to be eligible for a place. Graduate applicants with predominantly local tertiary qualifications will usually satisfy the English language requirements via previous studies.

study.unimelb.edu.au/how-to-apply/english-language-requirements/graduate-english-language-requirements

ENTRY REQUIREMENTS
Entry requirements are specified in the course by study area section on pages 26-109.

112
STEP 1  MEET ENTRY REQUIREMENTS
All graduate courses have entry requirements you’ll need to meet before you apply. Make your selection from the course tables on pages 26-109 and check the relevant graduate school website to determine entry requirements, or go to: study.unimelb.edu.au/find

STEP 2  SUBMIT YOUR APPLICATION, INCLUDING REQUIRED DOCUMENTATION
Apply online for most courses. Applications through the Faculty of Fine Arts and Music as well as the Melbourne Law School may also require completion of specific application forms and/or have additional requirements.

Medicine, dental surgery, clinical dentistry and teaching courses have alternative application methods. For further details, see: study.unimelb.edu.au/how-to-apply/graduate-coursework-study/domestic-applications

If a course is administered by University of Melbourne Professional Development, as indicated in the course tables (pages 26-109), application advice and further information is available at: unimelb.edu.au/professional-development

Many courses require you to submit copies of relevant documents for your application to be considered. If you are currently studying, you will also need to provide a transcript of your final results and evidence of completion as soon as they’re available.

Documentation should be submitted according to the instructions in the online application.

If any of your documents are written in a language other than English, you must include an official translation of the document. For guidelines on translations, go to: study.unimelb.edu.au/how-to-apply/graduate-coursework-study/domestic-applications

STEP 3  APPLY FOR SCHOLARSHIPS
If relevant, submit an application for Graduate Access Melbourne (see page 13) and apply for any scholarships for which you are eligible (see page 14).

STEP 4  ACCEPT YOUR OFFER
If your application is successful, you’ll receive an unconditional or conditional offer letter that outlines how to accept your place. Further information on how to accept your offer is available at: students.unimelb.edu.au/get-started
HOW TO APPLY: RESEARCH
DOMESTIC STUDENTS

STEP 1  INVESTIGATE YOUR OPTIONS
Find out about research opportunities and entry requirements via the relevant school website:
study.unimelb.edu.au/study-with-us/our-degrees/graduate-research

STEP 2  CONTACT THE GRADUATE SCHOOL
Please check with the relevant school to confirm if:
• There is a pre-application process
• There are specific entry requirements
• A detailed research proposal is required (see right)
• Additional documentation is required
• You need to find supervisors (some graduate schools manage this process for you).
study.unimelb.edu.au/how-to-apply/graduate-research

STEP 3  FIND POTENTIAL SUPERVISORS
If your graduate school requires you to find supervisors before submitting your application, you may find this link helpful:
findanexpert.unimelb.edu.au/support/supervisor

STEP 4  SUBMIT YOUR APPLICATION
Use the online application form to apply for research degrees and scholarships. If you are a current University of Melbourne graduate research student wishing to apply for a scholarship, please do so online via my.unimelb.

Please make sure we receive your application, with all supporting documents, by the relevant scholarship closing date. We may not be able to accept incomplete applications.

You can find the online application form and information on required supporting documents at:
study.unimelb.edu.au/how-to-apply/graduate-research

STEP 5  ACCEPT YOUR OFFER
If your application is successful, you’ll receive an unconditional or conditional offer letter that outlines how to accept your place.

Further information on how to accept your offer is available at:
students.unimelb.edu.au/get-started

DEVELOPING YOUR RESEARCH PROPOSAL
Some graduate schools require a research proposal as part of your application. A research proposal is a document that states your research question, your area of research interest and how you propose to undertake your research.

To develop a successful proposal, you need to be familiar with current research in the area. Identifying gaps in the research literature can be a way of finding an original research topic.

YOUR SUPERVISORS
You will work under the guidance of at least two supervisors, who will provide advice and support throughout your research degree. A positive relationship with your supervisors is essential.

Things to consider:
• Can you work together?
• Are your research interests aligned?
• Are you ready for a research degree?
• Do your proposed supervisors support your application?

Please note that support from supervisors does not guarantee admission, nor does it guarantee a scholarship or financial assistance.

More information is available at:
study.unimelb.edu.au/study-with-us/our-degrees/graduate-research
Your fees for graduate study will depend on your course and the type of enrolment or place you’re offered.

The fee types for each course and an estimate of the fees payable are shown in the course by study area section (pages 26-109).

YOUR COURSE FEES
Where available, the fees listed in the course tables are for 2021. They should be used as a guide to the total amount you need to pay.

Note: If the duration of the course is one year or less, we have provided an estimate of the total program fee (assuming completion in 2021). For courses that cannot be completed in one year, the fee is an estimate for one year of study (100 credit points) in 2021. Tuition fees for the second and subsequent years may increase.

For courses administered by University of Melbourne Professional Development, information on fees is available at:
unimelb.edu.au/professional-development

AUSTRALIAN FEE PLACE
If you’re enrolling in an Australian fee place, you’ll be charged tuition fees for each year that you are enrolled. Tuition fees are calculated according to your course and study load each semester. You may defer payment of your fees via FEE-HELP if you are eligible (see page 117).

Tuition fees may be adjusted each year. More detailed fee information is available at:
study.unimelb.edu.au/how-to-apply/fees

COMMONWEALTH SUPPORTED PLACE (CSP)
If you are enrolled in a Commonwealth Supported Place, your tuition fees are subsidised by the Australian Government. You’ll pay a student contribution amount, which is determined each year by the Government and is based on the subjects you take, not the course you are studying.

You may defer payment of your student contribution amount via HECS-HELP if you are eligible (see page 117). In 2020 the student contribution amounts for study at the University of Melbourne ranged from $6664 to $11 155 per year for full-time enrolment. For further details about calculating your student contribution amount, go to:
study.unimelb.edu.au/how-to-apply/fees/student-contribution-amounts

RESEARCH TRAINING PROGRAM (RTP)
Most domestic graduate research students are offered a Research Training Program Fee Offset Scholarship, which is funded by the Australian Government.

If you are enrolled under the RTP you are exempt from tuition fees for the normal duration of your course. This exemption is valid for up to four years for students enrolled in a doctoral program and up to two years for a research masters degree.

RTP-funded places are available to Australian citizens, permanent residents and New Zealand citizens accepted into the Doctor of Philosophy, Master of Philosophy, Doctorates by Research or Masters by Research.

STUDENT SERVICES AND AMENITIES FEE
Under current Australian Government regulations, universities may charge students a Student Services and Amenities Fee (SSAF). Further information is available at:
study.unimelb.edu.au/how-to-apply/fees

OTHER COSTS
Other costs to consider include general course costs (such as textbooks, art materials, lab coats), club memberships, Student Union activities and Melbourne University Sport services. For more information and advice on planning and budgeting, go to:
services.unimelb.edu.au/finaid/planning

If you are moving to Melbourne, remember to factor in the cost of living and housing. For information about costs associated with housing in Melbourne, see page 18.
There is plenty of assistance available to help pay for graduate study and alleviate financial pressures while you’re studying.

AUSTRALIAN GOVERNMENT HELP LOANS

FEE-HELP: FOR STUDENTS IN AN AUSTRALIAN FEE PLACE
FEE-HELP is a loan scheme that helps eligible Australian fee-paying students (full time or part time) pay their graduate tuition fees.

FEE-HELP can cover all or part of your tuition fees. The Australian Government pays the amount of the loan direct to the University. You’ll make repayments on your loan through the Australian Taxation Office (ATO) whenever your income is above the threshold, or you can make a voluntary repayment to the ATO at any time.

FEE-HELP is not means-tested and there is no loan fee for graduate study. If you already have a HECS-HELP loan from your undergraduate studies, you can still access a FEE-HELP loan.

IS INTEREST CHARGED ON MY LOAN?
No, you are not charged interest on your FEE-HELP loan. However, it is indexed each year with the Consumer Price Index (CPI), in line with the cost of living.

HECS-HELP: FOR STUDENTS IN A COMMONWEALTH SUPPORTED PLACE
HECS-HELP is a loan scheme that allows eligible domestic students in a Commonwealth Supported Place to defer their student contribution payments.

The Australian Government pays your student contribution amount. You only repay your HECS-HELP loan once your income meets the threshold. A HECS-HELP loan is not means-tested.

SA-HELP: FOR STUDENTS REQUIRED TO PAY SSAF
SA-HELP is a loan scheme that helps eligible students pay for all or part of their Student Services and Amenities Fee (SSAF). Eligible students can defer SSAF payments through SA-HELP.

More information about the Australian Government’s HELP loans schemes:
studyassist.gov.au

SCHOLARSHIPS AND BURSARIES
The University of Melbourne’s scholarships program is one of the most generous and comprehensive in Australia. See page 14 or check out the range of scholarships and bursaries at:
scholarships.unimelb.edu.au

GRADUATE ACCESS MELBOURNE
You can enhance your opportunity for selection and be considered for a bursary by applying for Graduate Access Melbourne (see page 13).
gradaccess.unimelb.edu.au

TAX DEDUCTIONS
If your course is sufficiently related to your employment, you may be entitled to claim a tax deduction for your tuition fees. For more information, consult your accountant or the Australian Taxation Office.
ato.gov.au

GOVERNMENT SUPPORT PAYMENTS
Many graduate professional entry courses at the University of Melbourne are approved by the Australian Government for student income support payments, such as Youth Allowance, Austudy or Abstudy.
studyassist.gov.au

CENTRELINK LOANS AND SCHOLARSHIPS
Centrelink offers Student Start-up Loans and Relocation Scholarships to eligible Centrelink recipients.
humanservices.gov.au/individuals/services/centrelink

STUDENT FINANCIAL AID
The University’s Student Financial Aid service provides advice and assistance, including:

- Student loans and bursaries/grants
- Student income support and other government payments
- Cost of living advice
- Budgeting and tax advice.
services.unimelb.edu.au/finaid
ADMISSIONS:
INTERNATIONAL STUDENTS
You are an international student at the University of Melbourne if you are not an Australian or New Zealand citizen. If you are an Australian permanent resident or hold a permanent humanitarian visa, you are considered a domestic student. International students who require a student visa to study in Australia are required to undertake full-time study in a CRICOS-registered course.

COURSEWORK DEGREES
Our graduate coursework degrees include:
- Graduate certificates
- Graduate diplomas
- Masters by Coursework
- Professional Doctorates.

For information on how to apply for a graduate coursework degree, see page 122.

APPLICATION CLOSING DATES
Please refer to the website for standard application closing dates:
study.unimelb.edu.au/how-to-apply

Some courses have early closing dates. Please check the graduate school website for more details before submitting your application.

Timely applications are highly recommended, to ensure you receive your offer in sufficient time to complete other arrangements for travel and study.

TEST CLOSING DATES
Make sure you check the registration and closing dates for any tests you’re required to take as part of the entry requirements.

GAMSAT: gamsat.acer.edu.au
GMAT: mba.com/exams/gmat
GRE: ets.org/gre
LSAT: lsac.org

RESEARCH DEGREES
You are studying a graduate research degree if you are enrolled in a:
- Masters by Research
- Master of Philosophy
- Doctorate by Research
- Doctor of Philosophy.

For information on how to apply for a graduate research degree, see page 123.

APPLICATION CLOSING DATES
Applications for a place are accepted throughout the year. Please check the relevant graduate school website for specific course application closing dates.

There are strict closing dates for University of Melbourne research scholarships. We strongly recommend that you submit your application and all required documents well before the relevant closing date.

For information on scholarship opportunities and closing dates, go to:

scholarships.unimelb.edu.au

GETTING A STUDENT VISA
For current information about visas and application processes, go to:

students.unimelb.edu.au/admin/student-visas

Visa requirements are subject to change. For the most up-to-date information you should consult the Australian Government Department of Home Affairs or one of the University’s overseas representatives.

homeaffairs.gov.au

study.unimelb.edu.au/how-to-apply/find-an-overseas-representative

HOW TO APPLY:
COURSEWORK
INTERNATIONAL STUDENTS

STEP 1 MEET ENTRY REQUIREMENTS
All graduate courses have entry requirements you’ll need to meet before you apply.

Make your selection from the course by study area section on pages 26-109 and check the relevant graduate school website to determine entry requirements, or go to:
study.unimelb.edu.au/find

STEP 2 SUBMIT YOUR APPLICATION, INCLUDING REQUIRED DOCUMENTATION
You have two options:
• Apply direct: You can fill out an online application. We will contact you directly to advise you of the outcome of your application or let you know if additional information is required. See:
study.unimelb.edu.au/how-to-apply/graduate-research/international-applications/applications
• Apply through an overseas representative: If you would prefer an approved agent to submit an application on your behalf, you can use one of the University’s official overseas representatives (education agents) in your country. They can help with lodging an application, accepting your offer and applying for a student visa (if you are admitted to the University). See:
study.unimelb.edu.au/how-to-apply/find-an-overseas-representative

If a course is administered by University of Melbourne Professional Development, as indicated in the course by study area section (pages 26-109), application advice and further information is available at:
unimelb.edu.au/professional-development

Further information on how to apply is available at:
study.unimelb.edu.au/how-to-apply/graduate-coursework-study/international-applications

Many courses require you to submit copies of relevant documents for your application to be considered. If you are currently studying, you will also need to provide a transcript of your final results as soon as they’re available.

Documentation should be submitted according to the instructions in the online application.

If any of these documents are written in a language other than English, you must include an official translation of the document. For guidelines on translations, go to:
study.unimelb.edu.au/how-to-apply/graduate-coursework-study/international-applications

STEP 3 ACCEPT YOUR OFFER
If your application is successful, you’ll receive an unconditional or conditional offer letter that outlines how to accept your place or apply to defer commencement (if allowed).

Further information on how to accept your offer is available at:
students.unimelb.edu.au/get-started

### DEVELOPING YOUR RESEARCH PROPOSAL

Some graduate schools require a research proposal as part of your application. A research proposal is a document that states your research question, your area of research interest and how you propose to undertake your research.

To develop a successful proposal, you need to be familiar with current research in the area – identifying gaps in the research literature can be a way of finding an original research topic.

### YOUR SUPERVISORS

You will work under the guidance of at least two supervisors, who will provide advice and support throughout your research degree. A positive relationship with your supervisors is essential.

Things to consider:

- Can you work together?
- Are your research interests aligned?
- Are you ready for a research degree?
- Do your proposed supervisors support your application?

Please note that support from supervisors does not guarantee admission, nor does it guarantee a scholarship or financial assistance.

More information is available at: study.unimelb.edu.au/study-with-us/our-degrees/graduate-research
HOW TO SATISFY ENGLISH LANGUAGE REQUIREMENTS
You can generally satisfy the University’s English language requirements with previous tertiary study, if your tertiary studies were taught and assessed entirely in English and were completed no more than two years ago. Studies completed within the past five years may be allowed upon consideration by the selection committee.

For specific details, go to:
study.unimelb.edu.au/how-to-apply/english-language-requirements

ENGLISH LANGUAGE TEST
You can also meet the English language requirements by taking an approved proficiency test. Assessment must be taken in one sitting within 24 months preceding the proposed date of commencement of enrolment in one of the following tests:
• TOEFL
• IELTS (Academic)
• Pearson Test of English (Academic)
• Cambridge English: Advanced/Certificate in Advanced English.

Courses and graduate schools require different scores for admission. Look up the required scores for your course at:
study.unimelb.edu.au/how-to-apply/english-language-requirements

DIAGNOSTIC ENGLISH LANGUAGE ASSESSMENT (DELA)
DELA identifies academic language skills that may need further development, so you can do as well as possible in your studies. You will have access to ongoing support to help you improve in specific areas.

You may be required to take a DELA upon enrolment. For more details, please see:
services.unimelb.edu.au/academicskills/communication-skills/communication-skills-plan

ENGLISH LANGUAGE ASSISTANCE
Hawthorn-Melbourne offers a range of programs to help international students meet the University’s English language requirements.

ENGLISH LANGUAGE BRIDGING PROGRAM
Hawthorn-Melbourne, one of Australia’s oldest and largest English language centres, is endorsed by the University of Melbourne as the sole external provider of the University of Melbourne English Language Bridging Program (UMELBP).

UMELBP provides a direct English language pathway to most courses at the University of Melbourne. To check whether the course you’re interested in accepts the UMELBP as an entry point, and for full details regarding entry requirements, go to:
hawthornenglish.edu.au/UMELBP

ACADEMIC ENGLISH LANGUAGE PROGRAMS
Hawthorn-Melbourne also conducts academic English language programs including:
• IELTS Preparation Program
• English for Academic Purposes (EAP)
• Intensive Academic Preparation (IAP) Program.

PACKAGED OFFERS FOR VISA APPLICATIONS
Packaged offers enable you to obtain a single visa if you are undertaking an English language course at Hawthorn-Melbourne followed by a University of Melbourne course. You may be eligible for a packaged offer if:
• You have an offer that is only conditional on meeting the English language requirements of the University
• You have applied through an authorised University of Melbourne overseas representative
• You have a current IELTS test with results no more than 1 point lower than the required score for your course. TOEFL/ PTE/CAE equivalents also apply.

HOW DO I APPLY FOR A PACKAGE?
You must apply for a University course and a place in an English language course offered by Hawthorn-Melbourne. Your overseas representative will be able to assist you.

study.unimelb.edu.au/how-to-apply/find-an-overseas-representative

Tuition fees are charged for each year you are enrolled. Tuition fees depend on the degree you are studying and your study load each semester.

YOUR COURSE FEES

An estimate of the fees payable is shown in the courses by study area section on pages 26-109.

The listed fees should be used as a guide to the total amount you may need to pay. Fees are subject to annual review and may be adjusted each year.

Note: If the duration of the course is one year or less, we have provided an estimate of the total program fee (assuming completion in 2021). For courses that cannot be completed in one year, the total program fee may include an indexation of the 2021 course fee. For courses of more than one year, the fee is an estimate for one year of study (100 credit points) in 2021. Tuition fees for the second and subsequent years may increase.

Detailed fee information will be provided when you are offered a place at the University of Melbourne. Information is also available online at:

study.unimelb.edu.au/how-to-apply/fees

For courses administered by University of Melbourne Professional Development, information on fees is available at:

unimelb.edu.au/professional-development

SCHOLARSHIPS AND BURSARIES

Check out the range of scholarships and bursaries available to international graduate students on page 14, or see:

scholarships.unimelb.edu.au

OVERSEAS STUDENT HEALTH COVER

To comply with the student visa requirements set by the Australian Government Department of Home Affairs, you are required to purchase visa-length Overseas Student Health Cover (OSHC) at the time you accept your course offer, and maintain your OSHC while studying in Australia.

The University can arrange visa-length OSHC on your behalf with Bupa, the University’s preferred OSHC provider. See:

students.unimelb.edu.au/admin/student-visas/overseas-student-health-cover-oshc

STUDENT SERVICES AND AMENITIES FEE

Under current Australian Government regulations, universities may charge students a Student Services and Amenities Fee (SSAF). Further information can be found at:

study.unimelb.edu.au/how-to-apply/fees

OTHER COSTS

Other costs to consider include general course costs (such as textbooks, art materials and lab coats), costs of living, childcare and schooling for dependants, Student Union activities and Melbourne University Sport services.

For more information about these costs, as well as advice on planning and budgeting, go to:

services.unimelb.edu.au/finaid/planning

For information about costs associated with housing in Melbourne, see page 18 or:

services.unimelb.edu.au/finaid/planning/cost_of_living/summary

OTHER COSTS

Other costs to consider include general course costs (such as textbooks, art materials and lab coats), costs of living, childcare and schooling for dependants, Student Union activities and Melbourne University Sport services.

PREPARING FOR STUDY
INTERNATIONAL STUDENTS

The University offers a range of services and programs for international students and their families to help you adjust to life in Melbourne.

BEFORE YOU ARRIVE
• Attend pre-departure briefings in your home country, or online
• Arrange free airport pick-up
• Read the online International Student Briefing and accept your offer online
  students.unimelb.edu.au/get-started

GET IN TOUCH WITH OTHER FUTURE STUDENTS
Check out the University’s Facebook page:
  facebook.com/unimelb

WORKING WHILE STUDYING
Your student visa entitles you to work subject to specific conditions.
  students.unimelb.edu.au/admin/student-visas/working-on-a-student-visa

STUDENT SUPPORT AND EMERGENCY CONTACT
Our experienced staff can help you with personal support, advice and information on issues that can affect your study and life at the University and in Australia.
  students.unimelb.edu.au

STUDENTS WITH FAMILIES
If you’re planning to bring your family to Australia, the University can provide advice on costs, childcare and schooling for children. There is also free language support available for partners.

STUDENT VISA SUPPORT
Our staff can offer referrals to specialist support for students with visa-related matters, including student visa applications and visa implications following changes to your enrolment.

For further information, refer to the Australian Government Department of Home Affairs.
  students.unimelb.edu.au/admin/student-visas
  homeaffairs.gov.au

ONCE YOU ARRIVE
• Attend a course information session and get information about courses, subject choices and the enrolment process
• Finalise your enrolment

ORIENTATION
• Learn about the University through orientation activities for all new students, led by student hosts
• Take part in transition workshops on a variety of academic, cultural and practical topics
• Attend transition activities specific to your degree
• If you’re a graduate research student, contact your faculty or graduate school for information on induction programs and attend a University-wide Graduate Research Orientation day
• Join a graduate group in your discipline to meet new friends and start building your professional network
  orientation.unimelb.edu.au

HAVE FUN!
Make the most of your time at Melbourne by getting involved in the University community – you might want to do some volunteer work, join a student club or even start one yourself.
  gsa.unimelb.edu.au/graduate-groups

WHAT’S NEXT?
In your final year, our student support staff can help with information about visa options, further study, careers, sending goods home and graduations.
A
Advanced standing: Status/credit/exemptions granted on the basis of work already completed at another post-secondary institution.
Australian student: See ‘Domestic student’.

B
Bachelors degree: Usually your first degree at university, a bachelors degree is the highest undergraduate award offered.

C
Cambridge CAE: The Cambridge English: Advanced/ Certificate in Advanced English (CAE) is an English test recognised by the University as meeting our English language requirements if the required scores are attained. See page 124.
Commonwealth Supported Place (CSP): A course place for domestic students where the Australian Government contributes to the cost of your study. You pay a student contribution amount. HECS-HELP loans are available to assist eligible students in paying the student contribution amount. See page 116 or go to: studyassist.gov.au
Course: At the University of Melbourne, ‘course’ refers to a program of study or a degree (not individual subjects).
Coursework degree: Coursework degrees are structured programs of study that have set classes and assignments. Some coursework degrees may include a research component.
Credit points: The workload of most graduate coursework courses is represented using a points system. The normal maximum workload allowed for each year of a course is 100 credit points. Where this system applies, each subject has a point value. The point value reflects the overall time a student is expected to allocate to that subject.
CRICOS: Commonwealth Register of Institutions and Courses for Overseas Students.
Discipline: An area of learning.
Domestic student: An Australian or New Zealand citizen, Australian permanent resident or holder of a permanent humanitarian visa, regardless of whether citizenship or residency rights are held for a country other than Australia.

E
EFTSL (Equivalent Full-Time Student Load): A measure of study load. One EFTSL is equivalent to 100 credit points and represents a standard annual full-time study load.
English language requirements: Specific English requirements that all students must meet before they can receive an offer to study at the University. See page 124.

F
Fee place: An enrolment at the University where a student is responsible for the full cost of the enrolment.
FEE-HELP: An Australian Government loan scheme that helps eligible students who enrol in an Australian fee place to pay tuition fees for graduate study. See page 117 or go to: studyassist.gov.au

G
GMAT (Graduate Management Admission Test): This text measures verbal, mathematical and analytical writing skills. See: mba.com
Graduate Access Melbourne: The University’s access and equity program for graduate study. See page 13 or go to: gradaccess.unimelb.edu.au
Graduate certificate: First level of study after an undergraduate degree. May be the first half of a graduate diploma or an academic award in its own right. Does not usually require prior study in the same discipline area. Normally six months in duration.
Graduate degree/course: A further degree or course of study available to students after the completion of an undergraduate degree. Graduate study is designed for those who wish to obtain specialist knowledge in an academic or professional discipline.
Graduate diploma: First level of study after an undergraduate degree or graduate certificate. Does not usually require prior study in the same discipline area. Normally one year in duration.
Graduate research degree: Involves the development and completion of an in-depth, independent research project. Examples include the Doctor of Philosophy, Master of Philosophy and Masters by Research.
Graduate Record Examination (GRE): This test measures verbal reasoning, quantitative reasoning, critical thinking and analytical writing skills. See: ets.org/gre
Honours: Generally, a one-year extension (with a research component) of a three-year undergraduate degree. Degrees awarded with honours generally signify advanced or distinguished study.
I
IELTS (International English Language Testing System): This test is recognised by the University as meeting our English language requirements if the required scores are attained. See page 124.
Intensive mode: A type of course delivery over a shorter period than a typical semester-based delivery. May have a residential component.
International student: Any student who is not an Australian or New Zealand citizen, Australian permanent resident or holder of a permanent humanitarian visa.

L
LSAT: Law School Admission Test. This test measures acquired reading and verbal reasoning skills. See: lsac.org
Weighted Average Mark (WAM): The Weighted Average Mark provides an indication of overall academic performance in each course that a student studies. Expressed as a percentage, it is sometimes used to assess applications for further study, employment and scholarships.

M
Masters by Coursework: Provides advanced specialist or professional training in a particular discipline or interdisciplinary area.

O
OSHC (Overseas Student Health Cover): Compulsory health insurance that international students must hold for the full duration of their student visa to meet its requirements. See page 126.

P
Pearson Test of English (Academic): An academic English language test recognised by the University as meeting our English language requirements if the required scores are attained. See page 124.
Permanent residency (PR): Australian permanent residents are considered domestic students for the purposes of admission to the University of Melbourne. International students who obtain Australian PR status, either before commencing or while enrolled, must notify the University immediately.
Prerequisite: A requirement that must be met before commencing study.
Professional Doctorate: Consists of a combination of coursework and research. May require a substantial period of professional practice for entry. Normally three years in duration.

R
Research Training Program (RTP): A Commonwealth funding program that provides fee offsets (fee exemptions) and scholarships for domestic graduate research students. Limited RTP scholarships are also available to international students. Maximum duration of an RTP place is four years for research doctorates or two years for research masters degrees. See page 116.

S
Semester: One of two divisions of an academic year. At the University of Melbourne, semesters usually begin in February and July and are 12 weeks long.

T
Test of English as a Foreign Language (TOEFL): An international English language test recognised by the University as meeting our English language requirements if the required scores are attained. See page 124.

U
Undergraduate degree/course: Your first degree at university. At the University of Melbourne, courses defined as undergraduate include bachelors degrees, bachelors degrees with honours, concurrent diplomas and associate degrees.

W
Weighted Average Mark (WAM): The Weighted Average Mark provides an indication of overall academic performance in each course that a student studies. Expressed as a percentage, it is sometimes used to assess applications for further study, employment and scholarships.
Consumer and Brand Studies
- Master of Food and Packaging Innovation
- Master of Management (Marketing)
- Master of Marketing
- Master of Marketing Communications
- Corporate Law
  - Graduate Diploma in Corporate Law

Creative Writing
- Master of Creative Writing, Publishing and Editing
- Master of Global Media Communication
- Master of Publishing and Communications
- Master of Screenwriting
- Master of Theatre (Writing)

Criminology
- Master of Criminology
- Master of Criminal Justice
- Master of Law and Justice Studies

Dairy (Food Science)
- Master of Agricultural Sciences
- Master of Engineering (Food Science)
- Master of Science (Dairy (Food Science))

Dance
- Master of Fine Arts (Dance)

Data Science
- Master of Data Science

Dentistry/Dental Science
- Doctor of Dental Surgery
  - Graduate Diploma in Clinical Dentistry (Implants)

Design
- Master of Architecture
- Master of Design for Performance
- Master of Fine Arts (Production)
- Master of Landscape Architecture
- Master of Production Design for Screen

Disability
- Master of Urban and Cultural Heritage

Dispute Resolution
- Graduate Diploma in Dispute Resolution

Distributed Systems
- Master of Information Technology

Distributed Computing
- Master of Information Technology

Drama
- Master of Design for Performance
- Master of Fine Arts (Music Theatre)
- Master of Fine Arts (Theatre Practice)
- Master of Theatre (Dramaturgy)
- Master of Theatre (Writing)

Earth Sciences
- Master of Geoscience
- Master of Science (Earth Sciences)
- Graduate Diploma in Science (Advanced)
- Graduate Diploma in Science

Economics
- Master of Applied Econometrics
- Master of Economics

Editing
- Master of Creative Writing, Publishing and Editing
- Master of Publishing and Communications

Education
- Doctor of Education
- Master of Applied Positive Psychology
- Master of Education
- Master of Education in Evidence-Based Teaching
- Master of Educational Psychology
- Master of Educational Psychology/Doctor of Philosophy
- Master of Education (Research)
- Master of Evaluation
- Master of Instructional Leadership
- Master of International Education (International Baccalaureate)
- Master of Learning Intervention
- Master of Languages Education
- Master of Music (Performance Teaching)
- Master of Surgical Education
- Master of Teaching (Early Childhood)
- Master of Teaching (Early Childhood and Primary)
- Master of Teaching (Primary)
- Master of Tertiary Education (Management)
- Master of TESOL

Graduate Certificate in Educational Research
- Graduate Certificate in Education
  - Specific Learning Difficulties
- Graduate Certificate in Tertiary Education (Quality Assurance)
- Graduate Certificate in University Teaching
- Professional Certificate in Education (Content and Language Integrated Learning)
- Professional Certificate in Education (Positive Behaviour and Learning)
- Professional Certificate in Education (Positive Education)
- Professional Certificate in Educational Neuroscience
- Professional Certificate in Indigenous Research
- Professional Certificate in Positive Psychology

Electrical and Electronic Engineering
- Master of Engineering (Electrical)
- Master of Engineering (Electrical with Business)
- Master of Engineering (Mechatronics)

Employment Law
- Master of Employment and Labour Relations

Energy
- Master of Energy and Resources Law
- Master of Energy Systems
- Master of Environment

The courses with this symbol are CRICOS registered. International students on a student visa must choose from the list of CRICOS-registered courses listed on pages 26-109. International students on any other types of visas may be allowed to enrol in a non-CRICOS registered course. Please review your visa requirements.

* This course is also available at graduate diploma and/or graduate certificate/specialist certificate level. International students should check study.unimelb.edu.au/find for CRICOS codes.

Landscape Architecture
Master of Landscape Architecture*
26
Graduate Diploma in Built Environments*
26
Graduate Diploma in Built Environments (Advanced)*

The courses with this symbol are CRICOS registered. International students on any other types of visas may be allowed to enrol in a non-CRICOS registered course. Please review your visa requirements.

* This course is also available at graduate diploma and/or graduate certificate/specialist certificate level. International students should check study.unimelb.edu.au/find for CRICOS codes.
Non-Profit Management
Executive Master of Arts®
Master of Development Studies®
Master of Environment®
Master of Management®
Master of Public Policy and Management®

Nursing
Master of Advanced Nursing®
Master of Advanced Nursing Practice®
Master of Nursing Science®
Graduate Certificate in Nursing Practice®
Graduate Diploma in Primary Care Nursing®

Optometry/Ophthalmology
Doctor of Optometry®
Master of Biomedical Science®
Specialist Certificate in Anterior and Dry Eye Disorders
Specialist Certificate in the Management of Contact Lens Patients
Specialist Certificate in the Management of Neuro-Ophthalmic Disorders
Specialist Certificate in the Management of Paediatric Patients

Otolaryngology
Master of Biomedical Science®

Paediatric Medicine
Graduate Certificate in Nursing Practice®

Parasitology
Doctor of Medicine®
Master of Medicine (Research)®
Master of Veterinary Science®
Master of Veterinary Science (Clinical)

Performance
Master of Design for Performance®
Master of Dramaturgy®
Master of Fine Arts (Dance)®
Master of Fine Arts (Music Theatre)®
Master of Fine Arts (Production)®
Master of Fine Arts (Theatre Practice)®
Master of Music (By Research)®
Master of Music (Orchestral Performance)®
Master of Music (Performance Teaching)®
Master of Theatre (Writing)
Graduate Diploma in Music®

Pharmacology
Master of Biomedical Science®

Physics
Master of Science (Physics)®
Graduate Diploma in Science (Advanced)®
Graduate Diploma in Science®

Physiology
Doctor of Dental Surgery®
Doctor of Medicine®
