Studying overseas is a once-in-a-lifetime opportunity to challenge yourself, meet new friends and explore new places. The University of Melbourne is the perfect setting for your overseas experience, with a rich academic and social community set on an outstanding campus in the heart of the city.

#1 IN AUSTRALIA

#32 IN THE WORLD

YOUR CITY
Consistently ranked as one of the world’s most liveable cities, Melbourne is safe, fun and multicultural.

YOUR HOME AWAY FROM HOME
Live like a local in a residential college or student apartment close to campus. We are located close to the heart of the city, next to some of Melbourne’s hippest suburbs.

A DIFFERENT ACADEMIC YEAR
In Australia our semesters are February to June (Semester 1) and July to December (Semester 2).

BROADEN YOUR HORIZONS
Gain a new circle of friends and a deeper understanding of the Australian way of life. When you leave, you’ll become part of our alumni network — so you can always stay in touch, wherever you are.

GLOBAL CURRICULUM
We rank in the top 20 internationally for 14 different disciplines. At Melbourne, you’ll access an innovative curriculum that lets you explore current global issues and choose from a huge range of subjects.

LEARN FROM THE BEST
Our teachers are renowned researchers and industry leaders who are internationally recognised for their achievements, including business, government and community leaders, Nobel Laureates and Rhodes Scholars.

SUPPORT
Whatever you need, we’ll be with you every step of the way. Connect with our services through Stop 1 — you can always come to us for support and advice.

Academic Ranking of World Universities 2018
Times Higher Education World University Rankings 2019
Economist Intelligence Unit’s annual global liveability survey
Melbourne has become one of the world’s most multicultural cities and a dynamic international business hub, but it’s still easy to navigate.

The inner city is a cluster of exciting communities connected by public transport and bike paths, and the University of Melbourne is at the heart of it all. Explore our famous cobblestone lanes, go to a music festival, take in a world-class theatre production, sample amazing cuisine or catch an Australian Football League (AFL) game – you can do it all (and more!) in Melbourne.

Regional Victoria is world famous for its iconic beaches, wineries, bushwalking and farm-to-table food and is just a short train or bus ride away.
YOUR CAMPUS

The University of Melbourne has been a central part of the city of Melbourne from its earliest days.

It’s hard to say where the central business district stops and the University begins. When you join Melbourne, you’ll also be joining a vibrant medical precinct, a world-famous artistic community, a thriving start-up network, and urban and rural researchers who will be feeding the world into the future.

Which Melbourne will be yours?

PARKVILLE

Our Parkville campus is a city within a city – it even has its own postcode. With cafes, 12 libraries, gyms, specialty stores, a small supermarket – even a seasonal farmers’ market – spread across a mix of historic sandstone buildings and state-of-the-art facilities, you’ll never have to leave. The Parkville campus is situated within a renowned knowledge precinct, which includes eight hospitals, many leading research institutes and a wide range of knowledge-based industries.

SOUTHBANK

At Southbank campus, among the city’s lively creative arts precinct – which itself is in the centre of Australia’s cultural capital – you’ll find the University’s acclaimed music and visual and performing arts faculty. Southbank campus is purpose-built for the creative arts, and features sound and dance stages, animation studios, cinemas and visual arts studios. It sits alongside the National Gallery of Victoria, Melbourne Theatre Company, Melbourne Recital Centre, the Australian Ballet, Chunky Move dance company, the Arts Centre and the Australian Centre for Contemporary Art.
Moving to Melbourne? The University of Melbourne has been expanding its range of exciting accommodation options with a diverse choice in location, services and amenities – all within walking distance of the Parkville campus.

UNIVERSITY ACCOMMODATION

The Melbourne Accommodation Program provides an accommodation guarantee for incoming exchange or study abroad students within University owned or associated accommodation. Residencies are specifically designed for students to support the transition to university life in a safe and secure environment, within walking distance to the Parkville campus. Providing an exciting residential experience, accommodation through the Program will provide dedicated student engagement activities including cultural and sporting events and staffed support services that provide a sense of community and security.

Residencies include a range of exciting communal facilities such as teaching and study rooms, gymnasiums, music rooms and rooftop terraces. The Melbourne Accommodation Program provides students the opportunity to experience living in Australia’s most liveable city connected to Australia’s best University.

With just a single application, students can apply for a range of accommodation options including the University’s new halls of residency at 303 Royal Parade and Little Hall opens (semester 2, 2020) – which includes a dedicated Live and Learn Program to support the academic curriculum, provide essential life skills and a calendar full of social activities and events.

The Melbourne Accommodation Program is designed to make finding and applying for accommodation easy. To discover more, visit: unimelb.edu.au/map

RESIDENTIAL COLLEGES

For over 130 years, our colleges have been a home away from home for students – supporting young people to succeed and make the transition to independence.

Live on campus while enjoying your own private furnished room, common hangout spaces and 3 meals a day provided in the beating heart of every college: the Dining Hall. Make lifelong friends while experiencing a broad range of cultural and sporting activities, leadership opportunities and intellectual pursuits. With dedicated residential tutors and professional staff living on site, College will support you with weekly academic tutorials, career mentors and pastoral care, so that you can excel in and beyond your studies. In 2020, over $7.5 million in college scholarships will be awarded, with more than one-third of students receiving financial aid. Find out more via: colleges.unimelb.edu.au

HOUSING OPTIONS

The University’s Student Housing service provides detailed information and support to assist students with finding alternate housing options, such as homestay or hostels. Student Housing can provide advice on your rights and responsibilities as a tenant, refer you to financial support if needed and provide transportation information and tips on getting study ready.

</table>

The fees listed in the table are for 2019 and subject to change. Go to study.unimelb.edu.au/your-experience/accommodation for updates on current fees and any other costs involved.

On average, students should budget at least $80-$150 per week ($4,160 - $7,800 per year) for food and groceries if they do not have meals provided.

This fee is for first-year undergraduate students and includes access to all facilities and participation in the weekly academic (tutorials), cultural, intellectual, social and sporting programs of the college. All meals are provided. Up to 40% of students receive a scholarship or bursary, which can reduce the average weekly rent by between $100 and $500.

For more details, see: colleges.unimelb.edu.au/fees-and-scholarships

Total estimated annual living cost including rent and utilities (excludes food, course fees and incidentals).
YOUR SUBJECTS

You will take three or four subjects to equal a total credit load of 37.5 to 50 points (each subject is usually worth 12.5 credit points). As long as you meet the prerequisite requirements, you can combine these from any area. For example, you could take two subjects in science, one in business and one in arts. Of all the subjects listed in the University Handbook, there are only a few specialist areas that are not open to exchange and study abroad students. These include medicine, dentistry, health sciences, veterinary science and film and television. Some biomedicine and law subjects are also restricted. Refer to our website for details on availability:

study.unimelb.edu.au/how-to-apply/international-exchange-and-study-abroad-applications/program-options

For each subject, you usually attend a combination of large lectures and small group tutorials or laboratory classes. Contact hours vary depending on the subjects you choose, but are usually between 12–18 hours per week in total.

While you may have fewer contact hours than in your home institution, the demands placed on you to learn independently outside the classroom makes the workload equivalent to that which most students experience at home.

AVAILABLE STUDY AREAS

AGRICULTURE, LAND AND FOOD

Agriculture
Agricultural economics and agribusiness
Animal science and management
Biotechnology
Food science
Forest ecosystem science
Genetics and breeding
Geography
Landscape management
Natural resource management

ASSESSMENT AND GRADING
Assessment may consist of essays, class or group exercises, case studies, projects, reports, class presentations, or exams. One subject may only require two or three pieces of assessment. In some areas, up to 80 per cent of the assessment may be based on an exam at the end of the semester. Further information on how each subject is assessed can be found in the University Handbook:
handbook.unimelb.edu.au

Official transcripts of your semester’s results are automatically sent to your home institution for credit towards your home degree, unless specifically requested otherwise. A Statement of Results can be accessed free of charge at any time during your studies on our student website. How your marks are translated is the responsibility of your home institution. Check with your home institution regarding its policy.

Below is a suggested translation scale for the conversion of University of Melbourne marks into Canadian, US or European grades. Note that results in other countries varies from one institution to another.

Notes:

- Single subject only.
- Audition required for some ensembles.
- Audition required.
**UNIQUE STUDY EXPERIENCES**

Incorporate a unique study experience that enhances your academic understanding and provides a deep insight into Australian culture.

**BROADEN YOUR HORIZONS**
Our students are encouraged to choose interdisciplinary subjects from outside their core study area. At Melbourne, we call this breadth. Here are just some of the subjects you could choose from.

**BEER STYLES AND SENSORY ANALYSIS**
The subject will introduce you to the economic, technological, historical and social aspects that have led to the development of distinctive styles of beer. You will also gain an understanding of the health impacts of alcohol and its responsible service. Subject code: FOOD10001

**FREE SPEECH AND MEDIA LAW**
Our current laws regarding free speech and media have grown up in an era of mainstream media institutions. Now everyone with access to the internet can record, report and comment on events. How can we regulate free speech and media without unduly constraining public debate? Subject code: BLAW10002

**GLOBAL HEALTH, SECURITY AND SUSTAINABILITY**
This subject explores the root causes of disease, poverty, injustice and inequity that exist in the world today. Subject code: UNIB30002

**CRITICAL THINKING WITH DATA**
This subject teaches you to become a critical user of databased evidence. Learn to identify the strengths and weaknesses of arguments and reports based on quantitative evidence. Subject code: UNIB10006

**MAKING MOVIES 1**
Get an introduction to the roles of the film director, writer and producer and learn about professional film production techniques. Subject code: FLTV10010

**OUR PLANET, OUR HEALTH**
This interdisciplinary subject will introduce you to the One Health concept, an emerging area of interest in the health professions that considers the interconnectedness of human, animal and environmental health. Subject code: UNIB10017

**SPORT, EDUCATION AND THE MEDIA**
Focused on sports education, community sport, and the important role the media plays in sport, this subject examines the place and significance of sport in Australia as a form of social education. Subject code: EDUC20068

**DISABILITY, DIVERSITY AND INCLUSION**
Drawing on both the lived experience of people with disability and faculty members from a variety of disciplines, this subject explores the place of people with disability in our community. Subject code: UNIB30012

**STREET ART**
From illegally spray-painted stencils to secret exhibitions in abandoned warehouses to exclusive multi-million-dollar art fairs, this subject explores the rise of street art in the contemporary city. Students develop skills in identifying, mapping and designing street art in Melbourne laneways. Subject code: CCDP20001

**DRUGS THAT SHAPE SOCIETY**
This subject highlights the compelling story of drugs and provides insights into the ways in which drugs impact our lives, including our laws, the health system, commerce and even foreign policy. Subject code: UNIB20008

**INTRODUCTION TO CLIMATE CHANGE**
An introduction to the major topics in climate change, including the scientific basis of the greenhouse effect, the history of Earth’s climate, energy options, economics and public policy, the effect of climate change on food, water and health, and the national and international legal frameworks for climate change management. Subject code: UNIB10007

**WELLBEING, MOTIVATION AND PERFORMANCE**
A subject offering teachable skills and pathways for cultivating wellbeing, exploring a variety of disciplines including psychology, social science, education, philosophy, sports science, sociology, and organisational science to support learning. Subject code: EDUC10057

**GOING PLACES – TRAVELING SMARTER**
This subject helps you to observe and interpret new environments, identify positive educational, professional and personal opportunities, and report and record reflections and experiences before, during and after travelling. Subject code: UNIB20018

**JOURNALISM TODAY**
Gain an understanding of key journalistic principles of newsworthiness, identifying stories, investigation and verification, and news writing. Subject code: UNIB30011
RESEARCH PROJECTS
Take on a research project and you could collaborate with world-class academic experts. This experience is particularly suited to students planning to move into a higher degree by research, or seeking a career in research industries.

Research projects require pre-approval and can be requested using these subject codes:

- Science (botany, chemistry, earth sciences, vision science and zoology): SCIE30001
- Biomedical science (anatomy and cell biology, microbiology and immunology, biochemistry and molecular, pathology, pharmacology and physiology): BIOM30003
- Environment: ENST30002
- Engineering: capstone research projects (check Handbook for information).

LEARN ABOUT AUSTRALIA
The University offers a range of subjects with an ‘Aussie’ focus. They’re a great way to experience our local culture, flora, wildlife or the environment first hand:

- Australian Art
- Australian Environmental Philosophy
- Australian Film and Television
- Australian Foreign Policy
- Australian Indigenous Politics
- Australian Wildlife Biology
- Biology of Australian Flora and Fauna
- Cities and Change in Australian Politics
- Coastal Landforms and Processes
- Flora of Victoria
- Fire in the Australian Landscape
- Racial Literacy: Indigeneity and Whiteness
- Sport and Education in Australia
- Practical Archaeology
- Understanding Australian Media
- Writing Australia
- Writing About Music: Australian Issues
To apply for exchange or study abroad at Melbourne, you’ll first need to identify the subjects you wish to study.

**UNIVERSITY HANDBOOK**

You can search all University of Melbourne subjects in the University’s online Handbook: handbook.unimelb.edu.au

To find University breadth subjects, type ‘UNIB’ into the search bar on the Handbook homepage.

If you’re not sure what faculty or graduate school your study area fits into, look them up here: unimelb.edu.au/az/faculties.html

**SUBJECT YEAR LEVELS**

The first number listed in the subject code indicates the year of the subject:

- Numbers 1–3 indicate the subject is a first, second or third-year subject in a Melbourne undergraduate degree
- Numbers 5–9 indicate a graduate-level subject (not in any particular order)
- Number 4 usually indicates the subject is part of an honours degree (these subjects are not usually open to visiting students).

For example, HORT20012 is a second-year undergraduate subject and BTCH90005 is a graduate-level subject.

View our complete guide about subjects and faculties at Melbourne online: study.unimelb.edu.au/how-to-apply/international-exchange-and-study-abroad-applications/program-options/selecting-subjects

<table>
<thead>
<tr>
<th>STEP</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1</strong></td>
<td>The Handbook is Melbourne’s searchable database of all courses and subjects. This is the best place to start when looking for subjects to study. handbook.unimelb.edu.au</td>
</tr>
<tr>
<td><strong>2</strong></td>
<td>In the Search box, type a topic that interests you, such as biology, marketing, or Australia.</td>
</tr>
<tr>
<td><strong>3</strong></td>
<td>Click ‘subjects’ on the left-hand side to ensure you will see only subjects/classes and not degrees/courses in your search results. If the keyword you entered is in the title of the subject or in the description of the subject, the subject will appear on the list.</td>
</tr>
<tr>
<td><strong>4</strong></td>
<td>Click on the subject name to get more detailed information such as prerequisites or corequisites, assessment details, and timetabling. Make sure you have completed the prerequisites to ensure you are eligible to study the subject. Don’t forget to click on Further Information to check if the subject is open to exchange and study abroad students.</td>
</tr>
<tr>
<td><strong>5</strong></td>
<td>Laboratory/practicum is sometimes included under the primary subject name and description. Labs are not always offered separately. Review the subject description to learn the percentage of lecture and practicum time.</td>
</tr>
<tr>
<td><strong>6</strong></td>
<td>Confirm the subject will be offered during the semester you plan to be in Melbourne and note the subject name and code, as you will need this for your application. Remember that semester 1 in Melbourne runs from March to June and semester 2 runs from mid-July to mid-November.</td>
</tr>
<tr>
<td><strong>7</strong></td>
<td>There is no need for additional enrolment confirmation as space will be available for you if you are approved to study the subject. You will be able to enrol in approved subjects prior to your arrival.</td>
</tr>
</tbody>
</table>
Even though your stay with us may be short, the range of support services we offer will help you adjust to life in Australia and provide you with ongoing assistance when you need it.

**ORIENTATION AND ENROLMENT**
The Orientation and Enrolment program marks the beginning of the University of Melbourne semester. This is the period where you finalise your chosen subjects, become acquainted with the campus and facilities and, most importantly, meet other students. You can attend workshops and lectures covering topics such as cultural differences, adjusting to a new academic culture and how to explore Australia on a budget.

**OTHER SERVICES**
Whatever help you need, you’re bound to find it on campus. As well as the above services, we also offer our students the following support:
- Academic skills
- Advocacy service
- Careers and employment service
- Chaplaincy
- Counselling
- Disability support
- Financial aid and advice
- Health service
- Housing support
- Security service
- Sporting clubs and facilities
- Student Union.

**MUSEX**
The Melbourne University Student Exchange Club (MUSEX) is one of the largest and most successful student clubs on campus. Run by students, for students, MUSEX provides you with easy access to ‘locals’ and the opportunity to join a range of activities including surf trips, sports matches, dinners and nights out on the town.
HOW MUCH WILL IT COST?

You should consider the following expenses when planning to study overseas:

- Tuition fees
- Living costs
- Visa application fee
- Overseas Student Health Cover (OSHC) – a requirement of the Australian Government
- Personal spending, including travel to and around Australia.

TUITION FEES

EXCHANGE STUDENTS

There are no tuition fees payable to the University of Melbourne for students on exchange. The cost of participating in the exchange program is covered by the agreement between your home institution and the University of Melbourne.

STUDY ABROAD STUDENTS

Tuition fees for 2019 are shown in the table across. Study abroad students pay a set fee per semester, which allows you to enrol in three or four subjects. Fees are charged at the published rate for that semester and are charged for each semester you are enrolled. If you enrol in three or more graduate subjects you will be enrolled as a graduate student and charged the graduate study abroad fee.

</tr>
</tbody>
</table>

HOUSING AND LIVING COSTS

Melbourne offers many lifestyle options to fit many budgets, so it’s best to have a plan as to which option will suit you. You might choose to live in the inner suburbs, and walk or cycle to uni. Some students choose to save on rental costs by living further out, in which case they need to think about public transport costs or a car. Substantial savings can be had by sharing accommodation, shopping at Melbourne’s famous markets, using our libraries and the student-owned co-ops, and attending free events on campus.

¹ Fees are shown in Australian dollars. All fees are correct at the time of printing. These figures are based on current fees and are subject to change. Make sure you read the University’s policy relating to the payment of tuition fees before completing your administrative enrolment. Final details will be included with your offer letter.

² Costs indicated here should be used as a guide only.
“I am currently studying at the University of Melbourne as an exchange student to (mostly) improve my English. Why Melbourne and not the United States or UK? I wanted to go far from Europe to achieve independence and to travel. I love to discover new things and new landscapes and for this, I think that Australia is the best country. It’s been my dream to come here!”

Lilou Jac (France)
Toulouse School of Economics
Exchange in Economics and Law
ACADEMIC ELIGIBILITY

1. You must have completed two semesters of full-time study (equivalent to an Australian bachelor degree) outside Australia at the time of entry to the University of Melbourne.

2. You must achieve the minimum in one of the following grading systems or an equivalent:
   - Brazil: 7.0 grade point or higher
   - Canada: 3.0 grade point average or higher
   - China: An average of 75 or 4 (liang-hao ‘DD’) or higher
   - Chile: 5.0 average or 66% or higher
   - Europe: ‘C’ average in the European Credit Transfer System (ECTS) or higher
   - Japan: 70% average or ‘C’ or higher
   - Mexico: 80% average or higher
   - South Africa: 60% average or higher
   - United States: 3.0 grade point average or higher
   - United Kingdom: 60% average or higher

Some subjects also have prerequisites. Make sure you also check the faculty-specific requirements and the University Handbook to ensure you meet prerequisite subjects. See page 14 for details.

HOW TO APPLY

APPLY ONLINE
Exchange and study abroad applications are made online. You are encouraged to discuss your exchange or study abroad plans with an advisor at your home institution before applying. Australian or New Zealand citizens may apply for exchange or study abroad if they meet our admission requirements.

Our study abroad overseas representatives can also assist you in the application process. View a full list of overseas representatives at:

study.unimelb.edu.au/how-to-apply/find-an-overseas-representative

ENGLISH LANGUAGE REQUIREMENTS

You must also satisfy the University’s English language requirements. If you are studying at a university where English is not the language of instruction, you must provide evidence that you have met the University’s English language requirements (including original IELTS, TOEFL, Pearson or Cambridge test results if applicable). English language requirements may vary for undergraduate and graduate students, and special arrangements exist for exchange and study abroad students from some countries.

study.unimelb.edu.au/how-to-apply/english-language-requirements
OUR EXCHANGE PARTNERS

EXCHANGE STUDENTS
Please check with your home institution for its deadlines and procedures for applying for an exchange place.

STUDY ABROAD STUDENTS
Study abroad students can apply to come to the University of Melbourne from any institution and no exchange agreement is needed.
# Academic Calendar

Some subjects may be offered outside the above teaching periods. If this is the case, details of the teaching dates can be found in the University Handbook:

[handbook.unimelb.edu.au](http://handbook.unimelb.edu.au)

You should plan to be in Melbourne until the end of the examination period. If you are unable to see the dates for your planned semester abroad you can view the academic calendar for future years at:

Provisional dates for 2020. Confirmed dates will be provided in your offer letter from the University.
“I was awarded a scholarship from my home university (University of Guadalajara) to support my expenses as an exchange student, as well as not having to pay the tuition of the University of Melbourne.

“One of the highlights of my Melbourne experience is being selected to be a contributor to the exchange and study abroad blog to share my experiences here. I enjoyed meeting great people, having amazing teachers and also free barbeques on Wednesdays!”

Montse Cuellar Mestas (Mexico)
Performing Arts from the University of Guadalajara
