UNDERGRADUATE SCHOLARSHIPS 2020
FOR DOMESTIC AND INTERNATIONAL STUDENTS IN AUSTRALIA
When you accept your place at the University of Melbourne, you’ll be joining a community of exceptional people who believe in the power of collaboration and mutual support. Whether our passions lie in physics or performance, the one thing we all believe in at Melbourne is advancing the boundaries of what’s possible. And we can only do that together. That’s why the Melbourne Scholarships Program is one of the most generous and comprehensive in Australia.

There’s a wide range of scholarships listed here, and it’s worth reading through the eligibility criteria for each. You may be surprised at what you can apply for! There are scholarships for domestic and international students; scholarships awarded on merit only, and some that take financial need into account; some to help you stay here in Melbourne, and some to help you travel the globe. There are scholarships that support your whole course or help you explore a specific interest.

Wherever you are, and whatever your passion, with a Melbourne scholarship you can turn ambition into achievement.

Please note: You are a domestic student if you are an Australian citizen or permanent resident, a New Zealand citizen or hold a permanent humanitarian visa. If you fulfill one of these criteria, you are considered a domestic student even if you live outside of Australia. You are an international student if you do not meet this criteria, even if you are currently attending high school or studying at another institution within Australia. The information in this brochure is indicative and should not be relied upon to make your final decision. Visit our website for more up-to-date information.
95% OF MELBOURNE STUDENTS CONTINUE THEIR STUDIES BEYOND THEIR FIRST YEAR – CONSISTENTLY MORE THAN AT ANY OTHER UNIVERSITY IN AUSTRALIA

Enrolment survey 2016
Our comprehensive scholarships program for domestic and international students is designed to help you build on your potential as you study.

Are you in Year 10? The Kwong Lee Dow Young Scholars Program is an exceptional pathway to continued success at university. Or if you’re in your final year of high school and expecting a high ATAR, make the most of it with a Melbourne Chancellor’s Scholarship, available to domestic and international students.

For high-achieving international students, generous fee remissions worth up to $56,000 are on offer through the Melbourne International Undergraduate Scholarship.

This is just a start! Most of our scholarships are awarded to continuing students at different points in their studies, so it’s quite likely that you’ll pick up a scholarship, bursary, prize or travel grant during your time here. Applying for more scholarships as you study will help you build an impressive résumé and expand your horizons.

The Melbourne Model encourages you to challenge yourself and try out different ways of thinking, giving you the perspective and communication skills necessary for success in the global workplace. Our scholarships are just one way in which we encourage you to follow your curiosity and study what you love, because that’s how you thrive.

“I was awarded the Professor Colin Ferguson KPMG Scholarship in 2017. The impact it has had has been phenomenal. The scholarship provided me an opportunity to apply the lessons taught in my classes to real life scenarios and problems. I got to network with some truly brilliant minds at KPMG and obtain valuable advice to think about for the future.”

Kameron Chan (Australia)
Bachelor of Commerce, Professor Colin Ferguson KPMG Scholarship
GRANTS, BURSARIES AND PRIZES

In addition to our scholarships, we offer many prizes, grants and bursaries that can help you get the most out of your time at university.

Grants are available to undertake volunteering or leadership activities. Excel in your studies and you could pick up a coveted prize for academic achievement. Bursaries are available for a variety of needs and can ease the financial pressures of university so you can focus on your studies.

Many student bursaries have been established by generous bequests and donations to assist students in financial need. The University awards over 500 one-off bursary payments each year, varying from $200 to $10,000.

Doug Brumley was awarded a string of scholarships during his Bachelor of Science (Honours) at the University of Melbourne. He firmly believes success breeds success, and he has the evidence to prove it — accumulating several awards throughout his studies including support from Newman College. These achievements paved the way to the prestigious Gates Cambridge Scholarship that supported him during his PhD overseas — and helped him land his dream job as a lecturer in applied mathematics back at Melbourne.

“Scholarships like these encouraged me to push even further. Working hard for a string of scholarships from the University of Melbourne can help you present yourself well.”

Doug’s Melbourne awards include:

• Melbourne National Scholarship
• Dean’s Prize (Faculty of Science)
• Dwight Prize in Physics
• Department of Mathematics and Statistics Summer Vacation Scholarship
• Professor Nanson Prize (Mathematics and Statistics)
The Melbourne Chancellor’s Scholarship is awarded to talented undergraduate students in recognition of their outstanding academic achievement during their Australian Year 12 or International Baccalaureate (IB).

**BENEFITS**

**For domestic students:**
- HECS student contribution exemption for the full duration of a Commonwealth Supported Place in an undergraduate degree and a concurrent diploma
- Living allowance for the standard full-time duration of the undergraduate degree and concurrent diploma with a value of:
  - $5000 per year if you completed high school in Victoria
  - $10,000 per year if you completed high school outside Victoria
- Melbourne Global Scholars Award for an approved period of study overseas
- Guaranteed Commonwealth Supported Place in a professional masters degree if you meet the prerequisite and entry requirements for the masters.

**For international students:**
- A 50 per cent tuition fee remission for the standard full-time duration of an undergraduate degree
- Melbourne Global Scholars Award for an approved period of overseas study as an exchange or study abroad student
- Guaranteed international fee place in a professional masters degree if you meet the prerequisite and entry requirements for the masters.

**ELIGIBILITY**

To be considered for this scholarship, you must:

- Be one of the following:
  - A domestic or international student who completed an Australian Year 12 or the IB in Australia, or
  - An Australian citizen who completed an Australian Year 12 or the IB outside Australia
- Have applied for a University of Melbourne undergraduate course via the Victorian Tertiary Admissions Centre (VTAC) for commencement in the year following completion of an Australian Year 12 or IB
- Not have undertaken any tertiary studies (excluding extension studies completed as part of a Year 12 program).

**SELECTION**

The Melbourne Chancellor’s Scholarship is awarded on the basis of merit and guaranteed to all students who satisfy the undergraduate course prerequisites and:

- Achieve an ATAR of at least 99.90, or
- Intend to undertake the Bachelor of Music and achieve an ATAR of at least 99.85 and an audition score of A+, or
- Are of Indigenous Australian descent and achieve an ATAR of at least 90.00.

**APPLICATION**

Eligible students who have applied for admission to the University via VTAC will be automatically considered.

Some exclusions apply. For a list of applicable courses, see chancellorscholars.unimelb.edu.au
“With guaranteed access granted to me with my Chancellor’s Scholarship, I am really looking forward to my postgrad studies in the JD.”

Maggie Blanden (Australia)
Bachelor of Arts,
Melbourne Chancellor’s Scholarship
The National Merit Scholarship takes the stress out of relocating from Australian states and territories outside Victoria with an $8000 allowance paid in the first semester of your studies.

SELECTION
This scholarship is guaranteed to all eligible domestic students, in all areas of study, achieving an ATAR of between 99.00 and 99.85. Offers are made in December following the release of ATAR results.

APPLICATION
You don’t need to apply. If you’ve applied for an undergraduate course at the University through VTAC, you will automatically be considered for the Melbourne National Merit Scholarship.

BENEFITS
- A one-off allowance of $8000 paid in the first semester of enrolment.

ELIGIBILITY
To be considered for this scholarship, you must:
- Be an Australian citizen or permanent resident, or a New Zealand citizen
- Have completed an Australian Year 12 or the IB in a state or territory in Australia other than Victoria
- Have applied for a University of Melbourne undergraduate course via VTAC for commencement in the year following completion of an Australian Year 12 or the IB
- Satisfy the prerequisites for a University of Melbourne undergraduate course and have achieved an ATAR or notional ATAR of 99.00–99.85
- Not have previously undertaken any tertiary studies (excluding extension studies completed as part of a Year 12 program).

CONDITIONS
This scholarship is subject to the following conditions:
- You must be enrolled in an undergraduate course at the University of Melbourne
- The scholarship can be deferred to the following year if there are compassionate or compelling circumstances that prevent you from starting your course in the year for which the scholarship was offered
- You cannot hold both a Melbourne National Merit Scholarship and a Melbourne Chancellor’s Scholarship.
As an international student, the decision to study overseas is always an exciting step forward - one that we are here to support.

At the University of Melbourne we know relocating comes with a unique set of challenges. This is why we have a host of scholarships, bursaries and grants specifically designed to help you settle into your new home.

From our comprehensive International Merit Scholarships, awarded to approximately 50 international students each year in recognition of academic achievement, to living assistance and accommodation support there are a wide range of opportunities to make your transition to Melbourne easier.

We are proud of our truly multicultural learning environment, and we provide further opportunities for support for international students within their chosen faculty.

SCHOLARSHIPS FOR INDIGENOUS STUDENTS

If you’re an Aboriginal or Torres Strait Islander coming to the University of Melbourne, you’ll be part of a thriving family of more than 400 Indigenous students who are making Melbourne home.

We support Indigenous students with a range of programs to help them achieve their very best – from the Melbourne Chancellor’s and Access scholarships, through to collaborative awards developed by the University in partnership with government.

Murrup Barak, Melbourne Institute for Indigenous Development provides additional bursaries and grants to enrolled students to assist with study and living costs at University approved accommodation.

Encouraged and supported, our Indigenous students enjoy a level of success that consistently ranks above average for Group of Eight university students.

Studying overseas can be one of the most enriching experiences of your time at university. With our program of scholarships and grants behind you, the world lies ahead.

We send approximately 2000 students abroad each year on semester, year or short-term intensive programs. With one of our scholarships or grants, you could be studying business in Beijing, French in Québec, science in Estonia or anthropology in Santiago sooner than you think.

Do you strive to be an ambassador and future leader in your field? There are a number of national scholarship programs supporting students to develop their leadership, networking and ambassadorship skills while studying overseas as part of their Australian degree.

Our program includes University and government-sponsored awards covering a range of student circumstances, from high academic achievement through to financial need. Loans are also available as part of the Australian Government HELP scheme.

Below is a small selection of what’s on offer. Discover more about these and other opportunities through our website:

“I received a grant from the Federal Government under the New Colombo Plan. This allowed me to travel to northern Japan, where I did a class run by the University of Melbourne, but taught in the University of Hokkaido.

“It was really interesting to be able to go to a foreign university and study the culture immediately surrounding you.

“After this course I was able to read books in Japanese. I’m not sure I would have tried to do that before this course.”

Jared Hoffman (Australia)
Bachelor of Arts,
Diploma in Languages (Japanese Studies)
The University of Melbourne has a long history of providing financial support for students relocating to Melbourne to study.

**MELBOURNE ACCOMMODATION BURSARY**
If you’ve come to the University from outside Victoria under a SEAS application via VTAC and not been awarded an Access Scholarship, you will be considered for the Melbourne Accommodation Bursary. The bursary offers three annual payments of $2000 for interstate students needing financial assistance with the cost of moving to Melbourne. If you’ve taken up accommodation provided through Melbourne Accommodation, the annual payment will be $3500.

The duration of the bursary will be extended by one year if you are enrolled in the Bachelor of Arts (Extended) or Bachelor of Science (Extended), and/or enrol in a concurrent diploma at the same time as your degree.

**RESIDENTIAL COLLEGES**
Our ten residential colleges are committed to offering a wide range of scholarships and financial assistance to ensure students from all backgrounds can access the benefits of living on campus within a supportive college community.

More than one third of all college students receive financial assistance, with a combined $7.5M in college scholarships and bursaries to be awarded in 2020. A further $1.6M is paid to students each year, with 1 in 4 employed part-time at their college.

**BENEFITS**
- 3 fresh meals per day
- Weekly academic tutorials
- Pastoral care and support
- Ongoing financial assistance
- Fee reduction of up to $500 per week.

**ELIGIBILITY**
All new and returning residents are eligible to apply for a scholarship and/or bursary, most of which are awarded to students in need.

A number are specifically directed towards students from rural and regional Australia, students who are the first in their family to attend university, and Indigenous students. Financial assistance can be requested when filling out the initial application form.

“I was awarded a half-fee scholarship from my residential college. Without this scholarship I would not have had the opportunity to live at college or come to the University of Melbourne. The scholarship has reduced the amount of financial stress which I have experienced while at university, and allowed me to focus on my studies and be more immersed in university life.”

Sundarason Scholarship,
International House Entrance Scholarship
The University has a proud tradition of supporting outstanding student athletes in their sporting and academic pursuits.

Sport scholarships are provided as part of the University’s Elite Athlete Program. The program also includes an elite athlete entry scheme for prospective student-athletes and flexible student assistance for recognised elite athletes whose sporting activities may clash with their studies.

Student athletes selected to represent their country of citizenship may also apply for an International Travel Grant of up to $1500 annually.

Scholarship application dates vary. Prospective students can apply for a conditional scholarship offer from August 2019. Applications for new and returning students will remain open until the end of the second week of Semester 1. The number of scholarships awarded is determined by the scholarship committee.

If you’re a Year 10 student in Victoria, the Kwong Lee Dow Young Scholars Program could give you an exciting uni experience that will push you to achieve your best.

The Kwong Lee Dow Young Scholars Program is an academic enrichment program designed to support high-achieving Victorian Year 11 and 12 students, and secondary students living close to the New South Wales and South Australian borders.

As a Kwong Lee Dow Young Scholar, you can take part in an exciting program of events and activities focused on expanding your academic and personal horizons.

You will enjoy access to our extensive library network, including specialist libraries in law, business, chemistry, physics, architecture, biomedicine, fine arts and music.

Entry is competitive, but the benefits continue beyond high school.

**BENEFITS**

Kwong Lee Dow Young Scholars who go on to study at the University will have access to a Melbourne Global Scholars Award valued at up to $2500 to support an approved period of study overseas during their undergraduate degree.

For eligible regional and rural Kwong Lee Dow Young Scholars, there is also a one-off $2500 relocation allowance to assist with the cost of moving.

**ELIGIBILITY**

To be considered for the relocation allowance you must:

- Enrol in an undergraduate degree at the University of Melbourne
- Be a Kwong Lee Dow Young Scholar during secondary school
- Complete an approved high school qualification in Victoria or border regions in the year prior to commencing at the University
- Live in a designated regional/isolated area at the time of entry to the University.

For more information about the Kwong Lee Dow Young Scholars Program, visit: unimelb.edu.au/kld
“Early participation in university life through the Kwong Lee Dow program encouraged me to embrace as many opportunities as I could along my learning pathway.”
