WHY CHOOSE MELBOURNE?

Many people know that the University of Melbourne is ranked number one in Australia, but you may not know why.

We are one of the world’s finest universities, and employers worldwide seek out our graduates. Our students succeed at the highest levels, and in more than one domain. They live in the heart of the world’s most liveable city while studying, volunteering, and creating lifelong friendships with peers from all over Australia, as well as more than 170 countries from around the world.

The University of Melbourne offers learning that stimulates, challenges and fulfills the potential of excellent students from around the world, leading to personal development, meaningful careers and profound contributions to society.

That’s why some of the world’s most ambitious minds choose Melbourne.
WORLDS WITHIN WORLDS
We’re part of the fabric of Melbourne and of Victoria.

MELBOURNE MODEL
Flexible or focused. With a Melbourne Model degree and graduate pathway you’ll be able to tailor your own journey, and on average, earn more when you graduate.

YOUR CITY
Consistently ranked the world’s most liveable city, Melbourne is safe, fun and multicultural.

WORLDS WITHIN WORLDS
#1 in Australia
#32 in the world
#7 in the world for employability

YOUR TEACHERS
Your lecturers, tutors and mentors will guide you and prepare you for your career.

ALUMNI NETWORKS
Melbourne draws high-achievers from more countries than any other Australian university.

YOUR CAREER
We are ranked seventh in the world for graduate employability.

SCHOLARSHIPS
Melbourne has one of the most generous scholarship programs in Australia. Find one that suits you: scholarships.unimelb.edu.au

ACCESS MELBOURNE
If you’re a domestic student whose circumstances have affected your ATAR, our equity program Access Melbourne can help.

SUPPORT
We offer support to help you find housing, career coaching, study assistance, disability support and counselling.

#1 in Australia
#32 in the world
#7 in the world for employability

Academic Ranking of World Universities 2017
Times Higher Education World University Rankings 2018
2018 QS Graduate Employability Rankings
Postgraduate Destinations 2015, Graduate Careers Australia
Economist Intelligence Unit’s annual global livability survey
Melbourne has become one of the world’s most multicultural cities and dynamic international business hubs, while being easy to navigate.

The inner city is a cluster of exciting communities connected by public transport and bike paths – and the University of Melbourne is at the heart of it all. You can spend time in the famous cobblestone lanes, or at world class theatre productions – and if you don’t yet have an AFL team, you might want to choose one!

Regional Victoria is world famous for its iconic beaches, wineries, bushwalking and farm-to-table food and is just a short train or bus ride away.

- World's most liveable city
- More cafes and restaurants per capita than any other city in the world
- World-class shopping
- State capital of Victoria

The Economist Intelligence Unit
Melbourne offers many lifestyle options to fit many budgets, so it’s best to have a plan as to which option will suit you. You might choose to live in the inner suburbs, and walk or cycle to uni. Some students choose to save on rental costs by living further out, in which case they need to think about a public transport costs or a car.

Substantial savings can be had by sharing accommodation, shopping at Melbourne’s famous markets, using our libraries and the student-owned co-ops, and attending free events on campus.

**CALCULATING YOUR COST OF STUDY**

Your total cost may include:

- Course fees
- Flights
- Cost of living
- Visa application fees
- Overseas Student Health Cover (OSHC)

**WEEKLY COST OF LIVING ESTIMATE**

The information in the table below outlines the estimated cost of living for a student at the Parkville and Southbank campuses of the University of Melbourne, according to the type of accommodation chosen.

The costs for students studying at other campuses of the University will be similar, though rental or residential college costs are likely to be lower. However, annual transport costs will generally be higher.

Tuition fees are not included in estimates.

**AT A GLANCE**

- Takeaway meal $12
- Coffee on campus $3.50
- Bike $150 (Hire: $3/day)
- MYKI travel pass $16.20/week
- Streaming Netflix $14/month
- Phone payment plan $50/month
- Gym membership $70/month

Costs indicated here should be used as a guide only.

*For undergraduate students only.*
A DIFFERENT WAY OF THINKING

The University of Melbourne offers a flexible, progressive degree opportunity. Our degrees aren’t like most others you will find in Australia. They are aligned with those offered by many top institutions worldwide – which means more opportunities for you.

In a competitive market, having both an undergraduate and a higher-level graduate qualification helps our students stand out from the rest.

You’ll start with one of our undergraduate degrees. You can then choose to join the workforce, or specialise at graduate level. During your time with us, you’ll be able to study at partner institutions across the world. There, as in the employment market, your degree path will be recognised and understood.

We want you to create your own unique Melbourne experience, with the power to choose your direction and keep exploring new options. This is important in a world where careers are changing fast and employers value independent thinking. We also want you to be able to take advantage of our knowledge precincts and partnerships, and to connect with brilliant minds who can offer you new perspectives.

Few people graduating today will stay in the same industry forever. With our degrees, you will build the right skills and global networks to adapt successfully.
Today’s workplace demands forward-thinking graduates who are skilled and resilient, with a broad outlook and collaborative approach. This is what the Melbourne Model delivers.

IT BEGINS WITH YOUR UNDERGRADUATE DEGREE

Your undergraduate (bachelors) degree is your first university degree. You can choose from more than 100 major fields of study, giving you broad exposure to different ideas, approaches and ways of thinking across many disciplines. You can focus on your major from day one, or keep your options open and discover new possibilities along the way.

YOUR MAJOR

Your major is your chosen specialisation. You’ll develop a deep understanding of your major study area from first to third year.

In most degrees, you won’t need to select your major on day one. In first year you’ll be able to explore a range of subject areas you’re interested in, so by the time it comes to choosing your major, you’ll be well informed.

All the while, you’ll also be studying an exciting selection of subjects from both inside and outside your discipline, gaining a breadth of knowledge that will set you apart. Refer to page 10 for a full list of available majors.

WHAT IS ‘BREADTH’?

A breadth subject is one taken from outside your core studies or major. Most University of Melbourne undergraduates take breadth subjects.

Not only will breadth provide you with a greater understanding of the world around you, it will allow you to tailor your course to fit your individual passions and career ambitions. You might, for example, study Science but take breadth in Mandarin Chinese – a great choice for a scientist looking to work internationally and help solve global issues. You can also use breadth to explore something you’ve always been curious about.

Some of our students find that after taking a breadth subject, they discover a passion they’d never known about and may even change their career plans. Others might use breadth to improve their career prospects by complementing their major with a language, communications skills, or business know-how. ‘Breadth tracks’ (groups of subjects taken throughout your degree) may even qualify you for graduate study in a field that’s very different to your major.

CONCURRENT DIPLOMAS

Want to be an economics reporter, with first-class programming skills or a side gig playing the cello? Concurrent diplomas allow you to study an extra qualification alongside your degree. This can enhance your employability and enable you to develop detailed knowledge in an area outside your main area of study.

YOUR NEXT STEP: GRADUATE STUDY

When you’re informed and ready, you can choose from hundreds of graduate options. You’ll get the full benefit of the graduate school experience by studying intensively, in small classes led by experts and alongside others who share your deep interests and desire to succeed.

Work towards a professional qualification (for example through the Juris Doctor), or join our world changing researchers with a research higher degree. Your graduate degree will be internationally recognisable, and set you apart from those who study a traditional Australian single or double degree.

MELBOURNE MODEL GRADUATES:

- ARE HIGHLY SATISFIED WITH THEIR TEACHERS
- DEVELOP ANALYTICAL PROBLEM-SOLVING SKILLS
- EARN MORE® AND BELIEVE THEY ARE PAID AND RECOGNISED FAIRLY
- ENJOY THE WORK THEY DO
- BELIEVE THEIR JOBS MAKE A POSITIVE CONTRIBUTION
- VOLUNTEER AND GET INVOLVED

University of Melbourne Career Outcomes Survey 2017
© 26 000 difference in annual salary between holders of a graduate vs bachelors degree. Graduate Careers Australia 2015.
UNDERGRADUATE STUDY

Whether you select a Melbourne Model degree or one of our specialist degrees co-designed with industry – like Agriculture, Fine Arts or Oral Health – you’ll progress through your studies while building networks, foundational knowledge and shared experiences from which to launch a successful future.

FIRST YEAR
Your first year is your chance to explore, whether it’s a brand new study area or possibilities to complement your chosen path. We want you to make informed choices and we understand that means challenging yourself in different ways.

Alongside compulsory subjects, you might choose from a wide variety of disciplines. You can study overseas as early as your first winter break.

Even if you’re sure about your professional path, by taking interesting subjects and exploring the unknown, you’ll gain additional skills and perspectives. Some experiences will be for you, some won’t, but you’ll learn from them all. We also hope that you will join student clubs and societies, and get involved in other extracurricular activities.

SECOND AND THIRD YEARS
In second year, you will start to focus on the study area which will become your major, if you haven’t already, and can also choose to follow a ‘breadth track’. That’s how an Arts student can qualify for the Doctor of Medicine, or a Commerce student can become a property developer.

When they do, they’ll bring a wealth of knowledge from their undergraduate degree to become a doctor with uncommonly good communication skills, or a property developer who can respond intuitively to business needs.

By third year, you will achieve a level of specialisation and may take part in a third year ‘capstone’ experience aimed at consolidating your learning and preparing you for your career. Capstone subjects are different in each discipline, as they are designed to prepare you for work in different professional worlds. They may involve work placements, project-based learning, a research project, or a coursework subject outlining business best practice.

Once you graduate, you have many options, including joining the workforce, taking on an honours year, or moving into a professional masters degree.
PATHWAYS INTO GRADUATE STUDY

- **YOUR UNDERGRADUATE DEGREE**
  - **HONOURS**
  - **POSTGRADUATE COURSEWORK DEGREE**
    - GRADUATE CERTIFICATE
    - GRADUATE DIPLOMA
    - MASTERS BY COURSEWORK
  - **POSTGRADUATE RESEARCH DEGREE**
    - MASTERS BY RESEARCH
    - DOCTORATE (PHD)

*Please check entry requirements for individual courses listed on coursesearch.unimelb.edu.au*
UNDERGRADUATE DEGREES AND MAJORS

A major, minor or a specialisation refers to a concentration of subjects that equips you with specialised knowledge in your chosen field of study.

BACHELOR OF AGRICULTURE
- Agricultural Economics
- Plant and Soil Science
- Production Animal Science

BACHELOR OF ARTS
- Ancient World Studies
- Anthropology
- Arabic
- Art History
- Asian Studies
- Australian Indigenous Studies
- Chinese Language

As a University of Melbourne graduate, you’ll be highly sought after. That’s because our students can build their experience and networks from day one.

There are many ways to incorporate practical experience into your studies at Melbourne. You can intern at one of the world’s most influential organisations, gain international experience, start a business, volunteer with organisations that inspire you, work part time gaining valuable skills while you study, or all of the above!

Whether you have a dream career or want to explore your options first, we will be there to support and challenge you to achieve your very best.

PRACTICAL EXPERIENCE
Internships are a great way to get first-hand industry experience and figure out if your dream career is right for you. Our students intern in leading companies and institutions nationally and internationally, paving the way to fulfilling and exciting careers.

MAKE A DIFFERENCE
Take your skills into the community, contribute to a cause you are passionate about and make a difference! You can volunteer in Australia or overseas. In many cases your experience can count towards your degree, and we offer awards and grants to help finance your volunteer work.

SKILL BUILDING
The Global Leadership and Employability team provides programs and services to students free of charge, including screened job listings, workshops, industry events and connections with alumni. You can even attend a free Career Bootcamp. In addition, many faculties offer seminars, practical training, networking events and more to help you break into a great career.

STUDYING OVERSEAS
You could study at some of the world’s most prestigious institutions to gain an academic and professional edge. Take French in Québec, science in Estonia, business in Beijing or anthropology in Santiago. Go for as long as a year on exchange to another renowned university, or pick up a subject we offer that is taught overseas.

YOUR LEADERSHIP AND NETWORKING OPPORTUNITIES
Employers love to see leadership experience on your resume – and we love to help you get it! Lead a student group, direct a play, mentor a younger student or help run one of over 200 clubs and societies to make connections and build your networks.
Graduate study is an investment in your future. Choose Melbourne, and join the best and brightest students to pursue your passion and develop your career.

As a University of Melbourne graduate student, you’ll study alongside the most talented students in an environment focused on research impact and relevance.

You’ll be part of a university that is committed to changing lives around the world by contributing to the policy, debate and skills required for a better global society.

INVEST IN YOUR FUTURE

Employers look for people with a demonstrated commitment to their chosen field, and who have that ‘extra’ level of insight.

As a graduate of the University of Melbourne, you’ll be seen as a work-ready, self-directed learner with breadth and depth in your discipline.

Whether you’re choosing your first career, changing direction or gaining that competitive edge, our world-class research and coursework graduate programs offer a professionally relevant education. Our graduates develop strong connections with community and industry that open the door to an outstanding future.
RESEARCH AT MELBOURNE

Who says you can’t change the world? We expect nothing less.

Our reputation as Australia’s leading comprehensive research-intensive university enables us to attract and cultivate the most promising researchers from around the world.

We collaborate with industry, other institutions and research organisations, the community, government and not-for-profit organisations to achieve research outcomes with global impact. We remain at the forefront of innovation in Australia.

Melbourne is a place where world-class researchers choose to work, and as a graduate research student you’ll be supervised by leading experts in your field.

OUR RESEARCH DEGREES

Our graduate schools offer research programs in most major disciplines.

Master of Philosophy
The Master of Philosophy (MPhil) is an internationally recognised masters degree by research and requires the completion of a thesis of 30 000–40 000 words.

Masters by Research
Masters by research degrees differ from the MPhil in that they may have a coursework component, along with a shorter thesis of about 30 000 words.

Doctor of Philosophy
Grading with a Doctor of Philosophy (PhD) marks your admission to the community of scholars in your discipline and requires the completion of a thesis of 80 000–100 000 words on a specialised topic.

OUTSTANDING SUPPORT

Research training is a core activity of the University. Our comprehensive support will help you become a more effective researcher. We offer access to dedicated research centres, advanced research facilities, generous scholarships, unique professional development and established student support networks.

SCHOLARSHIPS AND FEES

Domestic students
Most domestic graduate research students are funded by the Australian Government Research Training Program Fee Offset Scholarship (RTP), meaning you are exempt from paying tuition fees.

Additional scholarships and awards are available to domestic graduate researchers, and can provide annual living allowances, relocation grants and paid maternity, parental and sick leave.

International students
More than 400 scholarships are available to international graduate researchers. Many cover tuition fees, as well as a living allowance and paid maternity, parental and sick leave.

scholarships.unimelb.edu.au

develop your research skills

We offer award-winning professional development programs to graduate researchers, including workshops and online support, and specialist offerings such as the three-minute thesis competition.

ADMISSIONS: DOMESTIC STUDENTS

UNDERGRADUATE COURSES

How to apply
All domestic students, as well as international students who are undertaking an Australian Year 12, must apply through the Victorian Tertiary Admissions Centre (VTAC).

If you are an Australian citizen or permanent resident and you are studying outside Australia, you must apply through the Victorian Tertiary Admissions Centre (VTAC).

vtac.edu.au

Tuition fees
As a domestic undergraduate student, you will enrol in a Commonwealth Supported Place (CSP), which is subsidised by the Australian Government. You pay a student contribution amount, determined each year by the Government.

futurestudents.unimelb.edu.au/admissions

GRADUATE COURSES

How to apply
Coursework degrees: Most courses accept online applications made directly to the University. Applications for the Victorian College of the Arts, Melbourne Conservatorium of Music, Education, Business, Medicine and Law may also require completion of specific application forms and/or have additional requirements. Please check the graduate school website for more details before submitting your application.

Timely applications for the standard offer rounds of most degrees are as follows:

Semester 1 entry: 30 November (to commence in February the following year)
Semester 2 entry: 31 May (to commence in July)

Please note: some courses have early closing dates and not all courses are available in Semester 2. Please check the graduate school website for specific closing dates.

Research degrees: Each graduate school has a different way of managing the application process. Please check with the relevant graduate school for detailed information regarding how to apply.

Tuition fees
Coursework degrees: Your fees for graduate study will depend on your course and the type of enrolment or place you’re offered. Many courses offer Commonwealth Supported Places (CSPs) as well as Australian fee places.

Research degrees: Most domestic graduate research students are supported by the Australian Government Research Training Program (RTP). Under the RTP, domestic students are exempt from tuition fees for the normal duration of the course. This exemption is valid for up to four years for students enrolled in a doctoral program and up to two years for a research master’s degree.

futurestudents.unimelb.edu.au/admissions

ACCESS MELBOURNE

Access Melbourne is the University of Melbourne’s special entry and equity program for domestic students. If you’re eligible under any of the program’s categories, you may receive a place in one of our undergraduate degrees with a reduced ATAR, subject to course prerequisites. We also have scholarships and grants that can ease the financial load, and a housing program to get you securely settled close to campus.

HOW TO APPLY
Lodge a Special Entry Access Scheme (SEAS) application via VTAC at vtac.edu.au for one or more of the following Access Melbourne categories:

- Disadvantaged financial background
- Applicants from rural or isolated areas
- Under-represented school
- Difficult circumstances
- Disability or medical condition
- Non-English speaking background
- Recognition as an Indigenous Australian
- Mature-age consideration (non-school leaver entry pathway).

GET A GUARANTEED PLACE
If you’re from a rural or isolated area, have a disadvantaged financial background or are an Indigenous Australian, you could be eligible for a guaranteed place.

For example, in 2018, the guaranteed ATAR for Science was 78.00 (and 75.00 for Indigenous Students) and 55.00 for the Bachelor of Science (Extended) via Access Melbourne. Guaranteed ATARs for 2019 intake will be published in June 2018 at:

access.unimelb.edu.au
ADMISSIONS: INTERNATIONAL STUDENTS

UNDERGRADUATE COURSES

Tuition fees
Typical course fees are listed in the table on pages 18–19. Visit the website for more information:
futurestudents.unimelb.edu.au/admissions/fees

How to apply
If you are an international student studying a qualification outside Australia, or undertaking foundation studies in Australia, you can apply online.

If required, seek advice and assistance from one of our overseas representatives when applying.
futurestudents.unimelb.edu.au/int/how-to-apply

International students studying an Australian Year 12
If you are an international student undertaking an Australian Year 12, you must apply through the Victorian Tertiary Admissions Centre (VTAC).
futurestudents.unimelb.edu.au/admissions/applications

Foundation Studies
The University of Melbourne accepts a large number of foundation studies programs as entry pathways to our undergraduate courses.

Trinity College Foundation Studies
Graduates of Trinity College Foundation Studies are guaranteed a place in the University of Melbourne course of their choice if they satisfy the prerequisites and meet the required scores.

Trinity offers accelerated and extended programs to meet your individual needs, and the curriculum is supervised by the University of Melbourne’s Academic Board. The college is ideally located on the University campus.
trinity.unimelb.edu.au/tcfs

GRADUATE COURSES

Tuition fees
Visit the website for more information:
futurestudents.unimelb.edu.au/admissions/fees

How to apply
Coursework degrees: Most courses accept online applications made directly to the University. Applications for the Victorian College of the Arts, Melbourne Conservatorium of Music, Education, Business, Medicine and Law may also require completion of specific application forms and/or have additional requirements.

Timely applications for the standard offer rounds of most degrees are:
- Semester 1: 31 October
- Semester 2: 30 April

Some courses have early closing dates, and not all courses are available in Semester 2. Please check the graduate school website before applying. If required, you can seek assistance from one of our overseas representatives.
futurestudents.unimelb.edu.au/admissions/applications/grad-int

Research degrees
Please check with the relevant graduate school to confirm if:
- There is a pre-application process
- There are specific entry requirements
- A detailed research proposal is required
- Additional documentation is required
- You need to find a supervisor (some graduate schools manage this process for you).

Applications for a research place are usually accepted throughout the year. Please check the relevant graduate school website for specific course application closing dates.
futurestudents.unimelb.edu.au/admissions/applications/research

ENGLISH LANGUAGE REQUIREMENTS

English language test
You can use an approved English language test to meet English language requirements. You must satisfy the requirements in one sitting within the 24 months preceding the proposed date of commencement of enrolment.

<table>
<thead>
<tr>
<th>Approved English language test</th>
<th>Required score (all undergraduate courses)</th>
</tr>
</thead>
<tbody>
<tr>
<td>IELTS (Academic)</td>
<td>Overall band score of 6.5 or more (with no band less than 6.0)</td>
</tr>
<tr>
<td>TOEFL: Paper-based</td>
<td>577 or more with TWE score of at least 4.5</td>
</tr>
<tr>
<td>TOEFL: Internet-based</td>
<td>79 or more and scores of 21 in Writing, 18 in Speaking, 13 in Reading and 13 in Listening</td>
</tr>
<tr>
<td>Pearson Test of English (Academic)</td>
<td>Overall score between 58 and 64 inclusive and no PTE communicative skills score below 50</td>
</tr>
<tr>
<td>Cambridge English: Advanced/Certificate in Advanced English (CAE)</td>
<td>CAE score of 176 with no skill less than 169</td>
</tr>
</tbody>
</table>

Secondary or tertiary studies in English
You can meet the English language requirements for undergraduate study by satisfactorily completing secondary studies in an approved final-year English subject, or through approved tertiary study in English. Further information about the University’s English language requirements, including graduate requirements, is available at:
futurestudents.unimelb.edu.au/english-requirements

OBTAINING A VISA

Most international students require a student visa to study in Australia. There are a number of different types of student visas based on the type of course you will be studying. Check the website of the Australian Department of Home Affairs:
homeaffairs.gov.au/trav/stud
UNDERGRADUATE ENTRY REQUIREMENTS AND COURSE FEES

This table provides a quick summary of our undergraduate degrees and should be used as a guide only.

1 Equivalent Full-Time Student Load (EFTSL): 1 EFTSL is a standard annual full-time load.
2 Domestic Students: Applicants who achieve the minimum ATAR for a course will be eligible for a place, provided prerequisite studies and any other specific course requirements are met. The lowest selection rank to which an offer was made may be higher, depending on demand for the course and the number of places available. Only applicants eligible for special entry schemes will be admitted below the minimum ATAR.
3 Round 1 lowest selection rank to which an offer was made: Final 2018 lowest selection ranks to which offers were made are published at vce.edu.au.
4 International Students: The University guarantees admission to a course when an international student achieves the required score, meets prerequisite studies, satisfies the English language requirements and there are still places available in the course at the time of acceptance.
5 If you do not meet the guaranteed score, your application will not be considered for entry. Guaranteed scores apply only if no further study has been undertaken after completion of one of these programs. Guaranteed ATARs are reviewed annually.
6 Domestic students completing an international qualification: The score listed should be considered a minimum score to be eligible for a place in that course. The actual standard required may be higher depending on the demand for the course and the number of Commonwealth Supported Places (CSP) available.
7 International students must achieve at least the indicative score, meet the prerequisite subjects and satisfy the English language requirements to be eligible to be considered for the course. For domestic students completing an international qualification, the score listed should be considered a minimum score to be eligible for a place in that course.
8 To calculate a final average, you should determine the average of all your year-long final-year subjects; however, the subject with the lowest score will not be included in the calculation, unless it is a prerequisite subject and the course specifies that it must be included. If you have completed four subjects or less, all will be included in your final score calculation.
9 International Students: The typical course fee shown provides an estimate of the tuition fees for the first year of the course in 2019. This estimate assumes a full-time study load, commencing Semester 1. For some degrees a typical fee range is shown, due to the wide range of variables that may affect the course structure, and subjects taken. Actual tuition fees payable may vary and will be the sum of the fees for all subjects in which you enrol.
10 Domestic Students: Eligible domestic students who satisfy course prerequisites and achieve an ATAR of 99.00 or above are guaranteed a place in the Bachelor of Commerce in 2019.

**Indicative score only (entry is not guaranteed).**

**Arts, Biomedicine, Commerce, Design and Science:** Students who achieve an ATAR or notional ATAR of 99.95 or above (or 99.90 or above if Indigenous) and satisfy course prerequisites will be guaranteed a Melbourne Chancellor’s Scholarship (Music). Students must have completed an Australian Year 12 qualification or the International Baccalaureate (IB) in Australia or be an Australian citizen and have completed an Australian Year 12 or IB overseas in the year prior to entry. (Students must either enrol immediately or be granted a deferral in the year following Year 12).

**Music:** Students who achieve an ATAR or notional ATAR of 99.85 or above (or 99.90 or above if Indigenous) or achieve an audition score of 4 and satisfy course prerequisites will be guaranteed a Melbourne Chancellor’s Scholarship (Music). Students must have completed an Australian Year 12 qualification or the International Baccalaureate (IB) in Australia or be an Australian citizen and have completed an Australian Year 12 or IB overseas in the year prior to entry. Students must either enrol immediately or be granted a deferral in the year following Year 12.

**Applicants intending to major in Economics are strongly encouraged to complete VCE Mathematical Methods or equivalent. Applicants intending to major in Civil Systems, Computing, Construction, Digital Technologies, Mechanical Systems, Property or Spatial Systems may be required to undertake a bridging subject in mathematics as breadth in first year. This is equivalent to Units 3 and 4 Mathematical Methods, and entry requires a mathematics background equivalent to Units 1 and 2 Mathematical Methods.**

**Preference will be given to applicants with a high score in the verbal and written components of the SAT.**
